Paths to College and Career is a concrete and practical ELA instructional program that engages students with compelling and complex texts. At each grade level, Paths to College and Career delivers a yearlong curriculum that develops all students' ability to read closely and engage in text-based discussions, build evidence-based claims and arguments, conduct research, and write from sources, and expand their academic vocabulary. Paths to College and Career's instructional resources address the needs of all learners, including students with disabilities, English language learners, and gifted and talented students. This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible, a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction, and Student Journals that give students learning tools for each module and a single place to organize and document their learning. As the creators of the Paths ELA curriculum for grades 6-12, PCG Education provides a professional learning program that ensures the success of the curriculum. The program includes Nationally recognized professional development from an organization that has been immersed in the new standards since their inception, Blended learning experiences for teachers and leaders that enrich and extend the learning, A train the trainer program that builds capacity and provides resources and individual support for embedded leaders and coaches. Paths offers schools and districts a unique approach to ensuring college and career readiness for all students, providing state-of-the-art curriculum and state-of-the-art implementation.

Close Reading in Elementary School Diana Sisson, Betsy Sisson, 2014-04-16

The Common Core State Standards encourage teachers to use close reading as a means to help students access complex text. Many literacy experts believe close reading has the power to create strong independent readers. But what does that really mean, and how does it work in the classroom? This book is your must-have guide to getting started. It provides step-by-step strategies and scaffolds for teaching close reading and improving students' comprehension of complex texts. You will learn how to teach close reading based on text type, how to transition students through increasingly challenging texts, and how to use close reading as a springboard for close writes and close talks.

Special Features:

- An easy-to-use framework for creating a close reading lesson
- Close reading strategies for a variety of literary and informational subgenres
- Ideas for teaching close reading to meet specific comprehension objectives based on the Common Core, including analyzing text structure and evaluating argument
- Suggestions for helping students read with increased levels of rigor
- A clear explanation of what text complexity really means and how it varies by student
- Scaffolds to help students at all ability levels do a close reading
- Guidelines and procedures for close talks, purposeful focused discussions about text
- Procedures for close writes that vary based on genre and student ability level

In addition, each chapter includes study guide questions to help you apply the ideas in the book to your own classroom.

With this practical book you will have all the tools you need to make close reading a reality *Language Arts, Grade 6* McKenzie, 2015-12-01 Interactive Notebooks Language Arts for grade 6 is a fun way to teach and reinforce effective note taking for students Students become a part of the learning process with activities about making inferences improving writing pronouns active and passive voice Greek and Latin roots and more This book is an essential resource that will guide you through setting up creating and maintaining interactive notebooks for skill retention in the classroom High interest and hands on interactive notebooks effectively engage students in learning new concepts Students are encouraged to personalize interactive notebooks to fit their specific learning needs by creating fun colorful pages for each topic With this note taking process students will learn organization color coding summarizing and other important skills while creating personalized portfolios of their individual learning that they can reference throughout the year Spanning grades kindergarten to grade 8 the Interactive Notebooks series focuses on grade specific math language arts or science skills Aligned to meet current state standards every 96 page book in this series offers lesson plans to keep the process focused Reproducibles are included to create notebook pages on a variety of topics making this series a fun one of a kind learning experience **English**
