[The Street Stops Here](#) Patrick McCloskey, 2009-01-03 The Street Stops Here offers a deeply personal and compelling account of a Catholic high school in central Harlem where mostly disadvantaged and often non Catholic African American males graduate on time and get into college Interweaving vivid portraits of day to day school life with clear and evenhanded analysis Patrick J McCloskey takes us through an eventful year at Rice High School as staff students and

families make heroic efforts to prevail against society's expectations McCloskey's riveting narrative brings into sharp relief an urgent public policy question whether and how to save these schools that provide the only viable option for thousands of poor and working class students and thus fulfill a crucial public mandate Just as significantly *The Street Stops Here* offers invaluable lessons for low performing urban public schools

Handbook of Research on Innovations in Non-Traditional Educational Practices Keengwe, Jared, 2020-12-11 While many school districts and institutions of higher education still cling to the traditional agrarian school year with a factory model delivery of education and Carnegie units based on seat time when most people are no longer farmers factory workers or reliant on learning in a classroom there are bursts of promising practices that buck the norm by questioning the educational value of these traditions Though researchers have investigated the potential of students learning in their own homes via personalized instruction delivered by computers rather than attending traditional institutions the status quo in education has remained stubbornly resistant to change Mixed reality simulations year round schooling grouping students by competencies instead of age and game based teaching are just a few of the educational innovations that seek to maximize learning by recognizing that innovation is essential for successfully teaching students in the modern era *The Handbook of Research on Innovations in Non Traditional Educational Practices* is a comprehensive reference source that examines various educational innovations how they have developed workarounds to navigate traditional systems and their potential to radically transform teaching and learning With each chapter highlighting a different educational innovation such as experiential learning game based learning online learning and inquiry based learning and their applications in all levels of education this book explores the issues and challenges these educational innovations face as well as their impact It is intended for academicians professionals administrators and researchers in education and specifically benefits academic deans vice presidents of academic affairs graduate students faculty technology leaders directors of teaching and learning centers curriculum and instructional designers policymakers principals and superintendents and teachers interested in educational change

The Boy Problem Julia Grant, 2014-03-15 A historical perspective on the factors affecting boys' relationships with school and the criminal justice system Outstanding Academic Title Choice America's educational system has a problem with boys and it's nothing new The question of what to do with boys the boy problem has vexed educators and social commentators for more than a century Contemporary debates about poor academic performance of boys especially those of color point to a myriad of reasons inadequate and punitive schools broken families poverty and cultural conflicts Julia Grant offers a historical perspective on these debates and reveals that it is a perennial issue in American schooling that says much about gender and education today Since the birth of compulsory schooling educators have contended with what exactly to do with boys of immigrant poor minority backgrounds Initially public schools developed vocational education and organized athletics and technical schools as well as evening and summer continuation schools in response to the concern that the American culture of masculinity devalued academic success in

school Urban educators sought ways to deal with the bad boys almost exclusively poor immigrant or migrant who skipped school exhibited behavioral problems when they attended and sometimes landed in special education classes and reformatory institutions The problems these boys posed led to accommodations in public education and juvenile justice system This historical study sheds light on contemporary concerns over the academic performance of boys of color who now flounder in school or languish in the juvenile justice system Grant s cogent analysis will interest education policy makers and educators as well as scholars of the history of education childhood gender studies American studies and urban history **Place-Based Learning**
