

COMMUNITY SERVICE LETTER

NOTE: The letter must include the terms of the volunteer agreement (i.e., begin date, end date (if any), time commitment, responsibilities), whom to contact with questions, the insurance paragraph and the ID paragraph. The Volunteer Fact Sheet must be a

Dear <Name>,

Thank you for your willingness to volunteer your services to UW-Madison and specifically this department. We look forward to you helping us with <specify project>.

Based on our previous discussions, your activities as a volunteer will be <briefly describe responsibilities>. You will begin <date> and continue for as long as we mutually wish to maintain the relationship. <Specific end date also possible.> You have indicated that you can spend approximately <number of hours> hours per week on these activities.

Please read carefully the attached "Volunteer Fact Sheet". Note that receipt of this letter makes you an official volunteer and that you will be covered by the State's liability protection program so long as you perform your duties within the scope of the description provided above. Since volunteers are not covered by the state's worker compensation program, however, you are encouraged to maintain your own health insurance. If you should be injured during the course of your activities and the injury results from the negligence of a University employee or agent, you would have the same legal rights to seek compensation as would any visitor to the campus.

As a retiree of the University, you are eligible for an ID card. If you don't already have one, you may want to contact the administrator of your former department.
<IF THE VOLUNTEER IS NOT RETIRED FROM THE UNIVERSITY, OMIT THIS SECTION>

If you have any questions about your volunteer service to our department, please do not hesitate to let me know. Again, thank you for your willingness to donate your time, energy and expertise. We really appreciate it!

Sincerely,

<Name>

Service Learning Sally Berman, 2015-05-26 Service learning offers students the unique opportunity to learn both in the classroom and in the real world This exciting teaching strategy detailed in Berman s second edition of Service Learning motivates students to learn content information processes and skills while making authentic connections to their surrounding community This valuable resource explains the benefits of service learning and provides a step by step guide for using the instructional model It features nine service learning projects that are broken down into basic intermediate and advanced levels Each project features Strategies for aligning service and curricular goals Tips for involving students in decision making Guidelines for managing different phases of the project Activities that foster reflection and self evaluation Tips for differentiating by tapping into multiple intelligences In this single resource teachers will find everything they need to successfully implement service learning projects helping students gain deeper understandings of content while positively impacting their communities

Serve and Learn Florence Fay Pritchard, George I. Whitehead, III, 2004-07-22 This volume makes two important contributions First it provides a framework grounded in theory and best professional practice that middle and high school teachers their students and community partners can use to design implement and evaluate service learning projects that address authentic community needs Second it demonstrates ways collaborative service learning can enhance students intellectual development promote their academic achievement strengthen their citizenship skills and accelerate the kinds of educational accountability and reform initiatives emphasized in the national educational standards movement and the 2002 No Child Left Behind Act *Serve and Learn Implementing and Evaluating Service Learning in Middle and High Schools* provides what may be the only comprehensive guide to implementing assessing and celebrating service learning in today s middle and high schools emphasizes and explicates a collaborative approach to service learning in which teachers students and community partners team together to advance learning and meet genuine community needs demonstrates how service learning teams use key elements of standards based education multiple intelligences theory and cooperative learning to guide project development implementation assessment and evaluation offers optional designs for service learning projects that are suitable for use by interns and beginning teachers as well as by experienced and master teachers and that can be used in a developmental sequence by school and community partners to build from small individual projects toward school system and community wide projects and includes end of chapter activities that help those who use the book as a text to practice the model and its strategies and use results to create their own service learning projects The

book is organized in three parts that present service learning along a theoretical to practical continuum Part I lays the foundations for the method by proposing a collaborative model for service learning Part II explicates this model and explains the four sets of processes that teams use to commit to a project cooperatively determine students project outcomes and ways to measure them develop learning activities to help students achieve outcomes and then evaluate their projects and celebrate growth Part III provides resources for carrying out the collaborative model A wide range of educators will find this book useful Its distinctive contributions and features are particularly valuable for teacher educators students and community partners already committed to service learning projects to those who are introducing service learning into their practice and to instructional supervisors school administrators and community agencies seeking to create a climate for service learning or to enrich initiatives already underway Weekly Compilation of Presidential Documents ,1983 **Community Cultural**
