Christian art depicts Paul the letter writer pen in hand attentive to the Spirit We might think we know better and imagine him pacing in agitation as he rapidly dictates to a secretary his letter to the Galatians But in reality neither of these pictures is accurate In Paul s day producing a letter was a time consuming and costly business And we have ample resources from the ancient world to piece together what it must have been like A secretary was usually part of the picture But so were notes drafts corrections and careful rewrites not to speak of scratchy pens sooty ink and coarse papyrus Interestingly there is evidence that Paul involved his missionary team in the writing of letters And then came the delivery over land and sea the reading and circulation as well as the epistolary afterlife of copying collecting and storing E Randolph Richards has extensively studied ancient letter writing and secretaries Informed by the historical evidence and with a sharp eye for telltale clues in Paul s letters he takes us into this world and places us on the scene with Paul the letter writer What first appears to be just a study of secretaries and stationery turns out to be an intriguing glimpse of Paul the letter writer that overthrows our preconceptions and offers a new perspective on how this important portion of Christian Scripture came to be **Assist**

Managing Managed Care Michael C. Roberts,Linda K. Hurley,2012-11-19 The introduction of the concept of managed care into mental and physical health care appears to be a juggernaut of unparalleled impact The two extremes of thought about this impact are 1 that managed care is a villainous foe to be resisted in order to bring back the earlier halcyon years of independence in practice decisions with greater reimbursement for psychologists services or 2 that managed care is a laudatory attempt to restrain health care costs that are out of control and spiraling upward by rooting out mismanagement and reversing financial incentives to provide unnecessary care The former view calls managed health care such names as mangled care and distributes bumper stickers stating Just Say No to HMOs The latter view points to the slowdown of increases in health care expenditures and the enhancement of health care affordability and appropriateness for greater numbers of persons resulting from managed care cost containment strategies and service review procedures Mental or behavioral health care has been as strongly impacted as medical care under managed care Where managed care has forced practitioners attention to validated procedures and to examining previous wasteful practices we applaud the movement Where managed care has had adverse impact we think there needs to be greater public legal and regulatory attention to its excesses and abuses
