

Are video games a good way to keep fit?

Nowadays, many teenagers have got video consoles at home and they often like playing active video games. These are good for you for a number of reasons.

First of all, I think that active video games are a good way to keep fit. There are lots of different types of exercise you can do such as basketball, water-skiing and dance and, what's more, you can play them in the comfort of your own home. In my opinion, these games are fun and interactive because you can play them with friends and, if you play online, you don't need to be in the same place as your friend to play.

In addition, you can play them whenever you want. Some people think that it's better to do exercise outside in the fresh air. Although this is true, it's actually difficult to play outside when it's raining or very hot so video games are a good alternative.

To sum up, I believe that video games are a fun and social way to keep fit. I think they are a good option when you can't play outside and they might encourage people to do more exercise.

Top Tips for writing

1. Write your essay in clear paragraphs. Use phrases like *First of all*, *In addition* and *To sum up* to start each paragraph.
2. Express your own opinion using *I think*, *In my opinion* or *I believe*. Mention other viewpoints with phrases like *Some people think* and say whether you agree or disagree with them.

Designing and Using Performance Tasks Tracey K. Shiel,2016-09-14 Stretch student thinking with performance based tasks With waves of high stakes assessments rolling through the education waters many educators feel tied to teaching to the test But there is a bright side With the increased attention on assessment outlined in The Every Student Succeeds Act comes a surge of interest in designing performance based tasks an important key in unlocking your students readiness for career and college Designing and Using Performance Tasks Enhancing Student Learning and Assessment walks you step by step through the process of incorporating performance tasks as a tool to teach monitor and extend student learning This book will help you Make instructional decisions based on student performance of learning tasks Learn all about the different kinds of performance tasks and the benefits of each Incorporate learning progressions as an integral part of planning performance tasks Close the knowing doing gap by focusing on considerations for successful implementation If you re ready to engage your students in unique and innovative ways grab a copy of this book to guide you and your students in applying their learning and your teaching to real world situations Teaching using performance tasks was by far was the most difficult type of teaching strategy for me to learn When I began my teaching career not many people were using this strategy but I was fortunate to have a mentor who understood the process and was willing to teach me two very rare occurrences in the teaching world Thank heavens for Tracey Shiel who has the ability to communicate the process so well and in such a manner that you enjoy reading about it at the same time another rare event in education I know from experience students who learn using this strategy retain the information for longer periods of time giving teachers a stronger base upon which to build Pamela L Opel Teacher Gulfport School District

Student and Teacher Writing Motivational Beliefs Steve Graham,Gary A. Troia,Gustaf Bernhard Uno Skar,2024-06-21 The study of students motivational beliefs about writing and how such beliefs influence writing has increased since the publication of John Hays 1996 model of writing This model emphasized that writers motivational beliefs

influence how and what they write Likewise increased attention has been devoted in recent years to how teachers motivational beliefs about writing especially their efficacy to teach writing impact how writing is taught and how students progress as writers As a result there is a need to bring together in a Research Topic studies that examine the role and influence of writing beliefs Historically the psychological study of writing has focused on what students write or the processes they apply when writing Equally important but investigated less often are studies examining how writing is taught and how teachers efforts contribute to students writing What has been less prominent in the psychological study of writing are the underlying motivational beliefs that drive or inhibit students writing or serve as catalysts for teachers actions in the classroom when teaching writing This Research Topic will bring together studies that examine both students and teachers motivational beliefs about teaching writing This will include studies examining the operation of such beliefs how they develop cognitive and affective correlates how writing motivational beliefs can be fostered and how they are related to students writing achievement By focusing on both students and teachers beliefs the Research Topic will provide a more nuanced and broader picture of the role of motivation beliefs in writing and writing instruction This Research Topic includes papers that address students motivational beliefs about writing teachers motivational beliefs about writing or teaching writing Students motivational beliefs about writing include beliefs about the value and utility of writing writing competence attitudes toward writing goal orientation motives for writing identity epistemological underpinnings writing and attributions for success failure as examples Teacher motivational include these same judgements as well as beliefs about their preparation and their students competence and progress as writers to provide additional examples This Research Topic is interested in papers that examine how such beliefs operate develop are related to other cognitive and affective variables how they are impacted by instruction and how they are related to students writing performance Submitted studies can include original research both quantitative qualitative or mixed methods meta analysis and reviews of the literature
