successful recent projects carried out at three leading institutions the Universities of Brighton Pennsylvania and Queensland A practical benchmarking questionnaire that was developed with the Association of Commonwealth Universities ACU is also included in order to assist institutions in assessing their own progress The book contends that genuine engagement with the community and with civil society can be uncertain and risky but that it plays an essential role in managing today s higher education institutions Managing Civic and Community Engagement provides key reading for people interested in equity and diversity in higher education including those studying aspects of higher education management as well as professionals and policy makers in the field Engineering and Mining Journal ,1888
