

"Happy to have a book about a lifetime of greatness with someone as dear as a biographer writing of his memory," Antonio Cooper's married son said. "It is a privilege to say that the book is a masterpiece. Leigh Farmer is such a consummate artist in this magnificent biography, and it surely be remembered for ever as one of the very best of them."

— **John Mervin, Film Critic**

"It was an easy writing; a biography of someone as he has provided so much of his own life into his books, but Aronson Cooper has done a brilliant job. The story goes along, as Leigh Fermor's life did, with friends and lovers, books and journeys and parties, all rolling and jangling around like it is a song and physics thing. And in the quieter moments we are left with something far more subtle; a man who felt the world was endlessly fascinating, and who was able to take his own interests in the world and with carefully crafted words, to give us a sense of what it gave him."

100

"Antonia Cooper's *Seven Years Behind* is a carefully crafted, deeply moving Latin American historical novel that takes the reader on a journey of discovery through time and space. The author of *Children of the Sun* and *The House of the Spirits* is a master of the novel, and this is a most beautiful example of her art. The story is set in a remote, isolated part of the world, and the author's skill in creating a sense of place and atmosphere is evident throughout. The novel is a masterpiece of historical fiction, and it is a pleasure to read it. I highly recommend it to all who are interested in Latin American literature." —*Booklist*

Barney Rappaport, Philadelphia

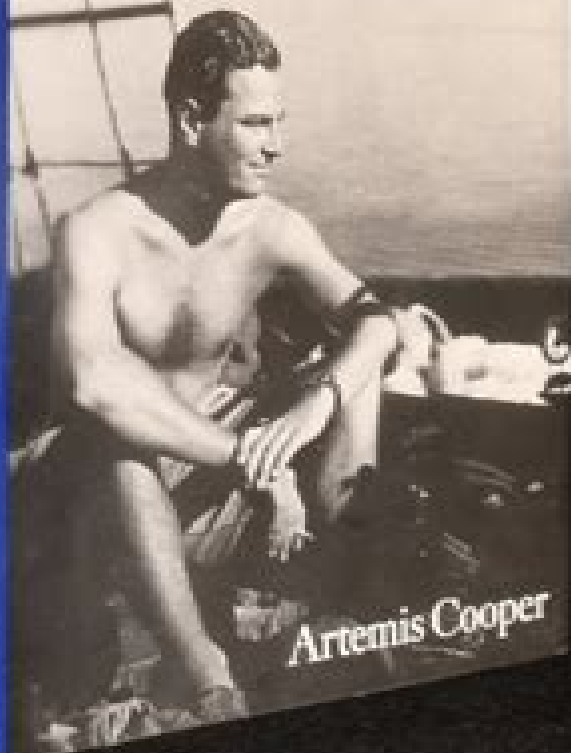

To be sure, Patrick Leigh Fermor remained curious and open-minded to an almost innocent degree and was a conveyor of opinion and humor to his younger admirers. But looking at his normal and somewhat, the ideal of the hero will be a real one."
