Shortchanged Howard Jacob Karger, 2005-09-01. An eye-opening read in the school of Barbara Ehrenreich's *Nickel and Dimed*, it shines a bright light on the economy's darker side. Publishers Weekly's starred review: "Drive through a low-income neighborhood and you're likely to see streets lined with pawnshops, check cashers, rent-to-own stores, payday and tax-refund lenders, auto title pawns, and buy-here-pay-here used-car lots. We're awash in alternative financial services directed at the poor and those with credit problems. Howard Karger describes this world as an economic Wild West where just about any financial scheme that's not patently illegal is tolerated. Taking a hard look at this fringe economy, Karger shows that what seem to be small, independent storefront operations are actually part of a fully formed parallel economy dominated by a handful of well-financed corporations subject to little or no oversight, with increasingly strong ties to mainstream financial institutions. It is a hidden world, Karger writes, where a customer's economic fate is sealed with a handshake, a smile, and a stack of fine-print documents that would befuddle many attorneys. Filled with heartbreaking stories of real people trapped in perpetual debt, *Shortchanged* exposes the deceptive practices that allow these businesses to prey on people when they are most vulnerable. Karger reveals the many ways this industry has run amok, ruining countless people's lives, and shows that it's not just the poor but more and more maxed-out middle-class consumers who fall prey to these devious schemes. Balancing compassion with a realistic awareness of the risks any business faces in working with an economically distressed clientele, Karger details hard-headed, practical recommendations for reforming this predatory industry."
