The PEUGEOT Connect Navigator is protected in such a way that it will only operate in your vehicle. If it is to be installed in another vehicle, contact a PEUGEOT dealer for configuration of the system.

For safety reasons, it is imperative that the driver carries out operations which require prolonged attention while the vehicle is stationary. When the engine is switched off and to prevent discharging of the battery, the PEUGEOT Connect Navigator switches off following the activation of the Energy Economy mode.

Certain functions described in this handbook will become available during the year.
