leaving this community and lifestyle When I grew up in this community the topic of abuse was either denied or spoken about in whispers Generally even if abuse of a child was known it was not reported to law enforcement and the child was not protected from further abuse The topic of reporting such crimes to the law enforcement authorities for eventual criminal prosecution is referred to as *mosur* a term of revilement Such a person regardless of the crime s committed is protected by the Jewish community and the victim is forced to face the abuse by himself herself without the benefit of communal embrace for resolution Moreover Jewish law excoriates a *mosur* informer by exclusion from normative communal membership These exclusions are embodied in codes of Jewish law which formalizes the process by vilifying the informer The victim thereby faces a double attack The first is by the predator and the second by the code of silence forced upon the victim The primary focus of this book regards the physical attack I endured at the hands of my mother She was angered by my non diligence in religious study motivating her to try to break my arm I was eight years old at the time And she was following the actions of another mother who broke the arm of her son for the same perverse reason this attack was a life changing event It forced to identify my mother and others as persons who represented a great danger to me necessitating measures that resulted in distance and eventual examination of the fundamentals of this religious life and identity I describe the other Jewish family that similarly abused a child Similar to my own circumstance no investigation or prosecution was ever conducted I remain convinced other families from these ultra Orthodox Charedi Jewish communities experienced similar or worse violence but such violence was muted and not reported My father was aware of the attack but did not intervene I discuss the details of the abuse as well as its aftermath and the larger concatenates these events caused in my life I conclude my narrative by stating that these acts and especially community refusal to acknowledge and respond is shameful and indefensible A few persons reviewed this material prior to publication While I remain grateful for their comments and recommendations the publication reflects my own insights and I remain responsible for any errors or oversights
