Negotiating For Peace In The Middle East Routledge Revivals:

Negotiating for Peace in the Middle East (Routledge Revivals) Ismail Fahmy, 2013-09-13 Ismail Fahmy was Minister of Foreign Affairs and Deputy Premier of Egypt but resigned in protest against President Sadat's visit to Jerusalem in 1977. This book, published in 1983, presents the first portrait of Sadat from within the Arab ruling elite and gives unique coverage of the crucial negotiations that took place between Arab leaders which determined the key events during this period. Fahmy vividly recounts the years when prospects for a permanent peace in the Middle East seemed a real possibility and presents a damning portrayal of the roles that Kissinger, Nixon, and Carter played in events. This is a fascinating account of the struggle for peace in the Middle East written from the unique perspective of a hugely influential contemporary at the heart of the dialogue.

Israel's Nuclear Dilemma (Routledge Revivals) Yair Evron, 2014-06-03 Originally published in 1994, Yair Evron opens the book with an account of the development of Israel's nuclear doctrine and the internal disagreements within the Israeli political and strategic elite over how nuclear policy should be conducted. There follows an analysis of the reactions from Arab states and of how, with the exception of Iraq, they have so far refrained from developing their own nuclear weapons.

The Elusive Peace (Routledge Revivals) William R. Polk, 2013-12-16 The Elusive Peace, first published in 1979, highlights the crucial developments in the Middle East during the twentieth century: the coming of nationalism, the struggle for independence, the effects of the Cold War, and the four hot wars in the Middle East. The numerous attempts to solve the conflicts and the ultimate failure of such attempts are discussed with particular reference to the war in Lebanon and its relation to larger conflicts. As an American emissary during the Kennedy, Johnson, and Nixon years, William Polk is unique in his ability to assess the key personalities and provide thorough analysis, considering Sadat and Begin and the American policies of Dulles and Kissinger. This is a fascinating and inclusive study which provides essential background to the on-going turmoil in the Middle East.

War and Intervention in Lebanon (Routledge Revivals) Yair Evron, 2013-10-14 Despite the bitter conflict that divided Jerusalem and Damascus, a fascinating process of indirect dialogue through the United States and tacit understandings emerged with regard to Lebanon in the 1970s. This derived largely from the Israeli deterrence posture which held in check Syrian military involvement in Lebanon. This book, first published in 1987, traces the development of the Israeli and Syrian involvement in Lebanon between 1975 and 1985 and of the deterrence dialogue which evolved between them. It also places this dialogue within the larger context of the overall Israeli-Syrian deterrence equation. War and Intervention in Lebanon is a fascinating and relevant work of great value to those with an interest in International Relations and Middle Eastern history, politics, and diplomacy.

National Security and International Relations (Routledge Revivals) Peter Mangold, 2013-10-14 First published in 1990, National Security and International Relations provides a concise analysis of the problem of national security in the twentieth century. It examines the criteria by which states decide what level of security they want to seek in an uncertain and essentially Hobbesian world and why some states tend to

underinsure while obsessively insecure states overinsure frequently making others more insecure in the process In the wake of two world wars and the threat of nuclear destruction Peter Mangold argues that war was becoming as much a source of insecurity as the intentions of other states It then explores the different approaches attempted during the twentieth century to ameliorate or ideally escape from the security dilemma These range from international regimes to the restructuring of the international politics of Western Europe so as to substitute cooperation for conflict and U S and Soviet attempts to render nuclear competition safer through arms control and confidence building measures Of special value to students of International Relations and Strategic Studies this book will also interest those keen to understand the challenges embodied in Gorbachev s new thinking in foreign policy **Israel (Routledge Revival)** Middle East Research Institute,2015-09-07 First published in 1985 this study focusing on Israel looks at the underlying reasons why certain political economic and social events have taken place in the country s history It provides vital analysis of the political and economic issues of the country and those that have affected it as well as providing statistical material on all the key data of the political economy The book was originally published as part of the Middle East Research Institute MERI Reports on the Middle East which quickly established themselves as the most authoritative and up to date information on the state of affairs in the region *Inside the Middle East (Routledge Revivals)* Dilip Hiro,2013-10-14 First published in 1982 Inside the Middle East is a definitive study of the region It provides a clear concise description of the complex social political and economic life of the Middle East Beginning with an outline of the birth and growth of Islam in the Arabian Peninsula and the history of Israel and the Jews since 1020 B C the book is split in to five geographical and thematic parts This thorough analysis in particular examines the forces at work within the Arab world the domestic politics and economy of Israel and the state s relationship with the West and the Soviet Bloc and the relationship between the Arabs and the West since the Ottoman Empire Dilip Hiro concludes with an overall analysis of the past in social economic and political terms and considers the various possibilities for the future of the Middle East Containing an unprecedented wealth of information and insight this fascinating work presents a comprehensive understanding of the world s richest and most volatile region It remains of great relevance to scholars and students of Middle Eastern politics and history *Holy Wars (Routledge Revivals)* Dilip Hiro,2013-11-05 To some Islamic Fundamentalism means the restoration of a true religion To others it is a politics that stands apart from capitalism and socialism To many Westerners it has come to constitute a threat to established order and international security Holy Wars first published in 1989 comprises a non partisan narrative that takes account of both the socio cultural values expressed in Fundamentalism and its political consequences Dilip Hiro s starting point is that fundamentalist forces have been active within Islam since the death of the Prophet Muhammad He presents the two major sects Sunnis and Shias in this light Hiro provides the background for an understanding of what was taking place in Middle Eastern countries such as Afghanistan Libya Egypt and Syria at the end of the 1980s This is a comprehensive and readable work of great relevance and value to

Strategy and Ethnocentrism (Routledge Revivals) Ken Booth, 2014-06-27 Ken Booth's study first published in 1979 investigates the way in which cultural distortions have affected the theory and execution of strategy. Its aim is to illustrate the importance of ethnocentrism in all areas of the subject to follow through its implications and to suggest approaches to the different problems it poses. Insights are offered into the character of a number of important issues in Cold War international politics including the superpower arms race, the Middle Eastern crisis, the Soviet arms build up and the SALT talks. In light of the cost of modern warfare it is all the more important to avoid strategic failures in the future. Strategy and Ethnocentrism aims to alert students of military and strategic studies to some ways of minimising the risks of failure in an age when war is increasingly characterised by racial, cultural and religious conflict.

European-American Relations and the Middle East Victor Mauer, Daniel Möckli, 2010-10-18 This book examines the evolution of European American relations with the Middle East since 1945. Placing the current transatlantic debates on the Middle East into a broader context, this work analyses how, why and to what extent European and US roles, interests, threat perceptions and policy attitudes in the region have changed, relating to both the region as a whole and the two main issues analysed: Gulf Security and the Arab-Israeli Conflict. The contributors then go on to discuss the implications of these developments for Western policymaking. The volume makes four key contributions. First, it examines the subject matter from a truly transatlantic perspective with all chapters adopting a bi or multilateral approach, taking into account the views from both the US and individual European countries or the EC/EU collectively. Second, the book takes a long term view, covering a series of crises and developments over the past six decades. Third, it has a systematic structure with the predominantly chronological order of the chapters being geared towards depicting trends and evolutions with regard to the key themes of the book. Finally, the book builds bridges between historians and political scientists, analysts as well as between experts of transatlantic relations and Middle East scholars. This book will be of great interest to students of transatlantic relations, the Middle East, US foreign policy, European politics, international history and IR in general. Daniel Möckli is a Senior Researcher at the Center for Security Studies, CSS, ETH Zurich. He is also the editor of *CSS Analyses in Security Policy*. Victor Mauer is Deputy Director and Head of Research of the Center for Security Studies, CSS, ETH Zurich and Lecturer in the Department of Social Sciences and Humanities at ETH Zurich.
