**Resources in Education** ,2001      **Foundations of American Education** Christian P. Wilkens,2025-02-01 Answers all the questions that students preparing for a career in education ask Foundations of American Education asks many of the questions new teachers face How should I handle classroom management How will I know if students are learning what they should What should I do in class my first year How can I make things better for students This book addresses major topics covered by introductory level education classes such as the history of US public schools curriculum and assessment classroom management school governance law and more Each chapter includes stories and examples from real teachers and schools and closes with a major US court case about public education A major goal for the volume is to develop a sense for what US public school teachers do now and how we might be able to do better in the years ahead

Research in Education ,1974      *Measuring History* S. G. Grant,2009-03-01 Measuring History complements the cases presented in Wise Social Studies Practices Yeager Davis 2005 Yeager and Davis highlight the rich and ambitious teaching that can occur in the broad context of state level testing In this book the chapter authors and I bring the particular state history tests more to the fore and examine how teachers are responding to them At the heart of Measuring History are cases of classroom teachers in seven states Florida Kentucky Michigan New York Texas Mississippi and Virginia where new social studies standards and new and generally high stakes state level history tests are prominent In these chapters the authors describe and analyze the state s testing efforts and how those efforts are being interpreted in the context of classroom practice The results both support and challenge prevailing views on the efficacy of testing as a vehicle for educational reform Catherine Horn University of Houston and I lay the groundwork for the case studies through a set of introductory chapters that examine the current environment the research literature and the technical qualities of history tests

**Guide to the Comprehensive Assessment Report** ,1996      **Improving Social Studies Instruction** National Education Association of the United States. Research Division,1937      **Teaching History with Big Ideas** S. G. Grant,Jill M.

Gradwell,2010-07-16 In the case studies that make up the bulk of this book middle and high school history teachers describe the decisions and plans and the problems and possibilities they encountered as they ratcheted up their instruction through the use of big ideas Framing a teaching unit around a question such as Why don t we know anything about Africa offers both teacher and students opportunities to explore historical actors ideas and events in ways both rich and engaging Such an approach exemplifies the construct of ambitious teaching whereby teachers demonstrate their ability to marry their deep knowledge of subject matter students and the school context in ways that fundamentally challenge the claim that history is boring

Gurl,Limarys Caraballo,Leslee Grey,John H. Gunn,David Gerwin,Héfer Bembenutty,2016-02-19 This volume reviews the background of mandated teacher performance assessment with an emphasis on policy privatization and professionalization The authors discuss the potential impact of mandated teacher performance assessments on teacher education in the content areas of mathematics English and social studies The perspectives and empirical research examined in this conceptual analysis illustrate the various ways in which the Stanford Center for Assessment Learning and Equity SCALE Teacher

Performance Assessment edTPA promises to restructure teacher education in the United States. The authors consider both the affordances and the constraints that teacher performance assessments offer for teacher preparation programs and conclude by discussing the implications of the intersections among policy, privatization, professionalization, and performance assessments of teachers, as well as the relationship between performance assessments and teacher education. The impact of the edTPA on the development of signature pedagogies in teacher education is also discussed.
