

Performance-Based Development System Testing

The Performance-Based Development System (PBDS) evaluates a nurse's ability to think critically in various clinical situations. More and more of our clients are using the PBDS Test as a way to evaluate clinician competency and to standardize their orientation process. The PBDS test might seem a little intimidating, but **don't stress!** We've put together this study guide to help you prepare.

Training, 2009 *Pediatric Informatics* Christoph Lehmann, George R. Kim, Kevin B. Johnson, 2009-07-16 Now is a critical time in pediatric informatics As information technologies electronic health records EHRs personal health records PHRs computerized physician order entry CPOE and standards HL7 are developed to improve the quality of health care it is imperative for policy makers and pediatricians to be aware of their impact on pediatric care and child health Informed child advocates must be at the planning table as national and regional health information networks are developed to insure the unique health care needs of children are being met Pediatric Informatics Computer Applications in Child Health is a current digest of the important trends in pediatric informatics written by leading experts in the field This book explores how the management of biomedical data information and knowledge can optimize and advance child health The contributors

investigate the specific importance of pediatric informatics is derived from the biological psychological social and cultural needs that distinguish children from other populations. These distinctions create complexities in the management of pediatric data and information that make children a vulnerable population and require the development of a new body of knowledge in pediatric informatics.
