to Germanic society and in fact most of the runic amulets considered in this book show wide ranging parallels from a variety of European cultures The question of whether runes were magical or not has divided scholarship in the area Early criticism embraced fantastic notions of runic magic leading not just to a healthy scepticism but in some cases to a complete denial of any magical element whatsoever in the runic inscriptions This book seeks to re evaluate the whole question of runic sorcery attested to not only in the medieval Norse literature dealing with runes but primarily in the fascinating magical texts of the runic inscriptions themselves Dr MINDY MCLEOD teaches in the Department of Linguistics Deakin University Melbourne Dr BERNARD MEES teaches in the Department of History at the University of Melbourne

The Celestial Magic Phaelix Starwhisper, The ancient throne room of Aethermoor had not seen a rightful ruler for three hundred years Where once the Divine Throne had blazed with celestial fire now only cold obsidian remained its surface cracked and lifeless The very air seemed to mourn the absence of divine authority hanging heavy with the weight of unfulfilled destiny Seraphina Dawnweaver stood before the empty throne her silver robes rustling in the ethereal breeze that perpetually swept through the abandoned palace As the last of the Starkeeper bloodline she bore the burden of a prophecy that had haunted her family for generations The Mark of the Cosmos a constellation of seven silver stars that adorned her left temple pulsed with faint light a reminder of the power that coursed through her veins and the responsibility that came with it The stars grow dimmer each night whispered Elder Matthias his weathered hands clasped behind his back as he joined her in contemplation The old sage had been her mentor since childhood teaching her the ways of celestial magic when others had feared her abilities Without the Divine Throne s light to anchor them the very fabric of our realm grows weak Seraphina nodded solemnly her fingers tracing the air in practiced patterns Tiny motes of starlight danced between her fingertips responding to her will with the fluidity of long practice Yet even her considerable power felt insufficient when measured against the magnitude of their crisis The realm of Aethermoor existed between the mortal world and the celestial planes serving as a bridge between earth and heaven Without a crowned ruler to maintain the balance that bridge was crumbling Tell me again about the Fragments she requested though she had heard the tale countless times Sometimes repetition brought clarity and clarity was desperately needed Elder Matthias sighed his ancient eyes reflecting the weight of accumulated knowledge When the last Divine Emperor fell his crown shattered into seven pieces each one containing a portion of the celestial fire that once bound our realm together The Fragments were scattered across the Seven Spheres of existence hidden away by loyal servants who hoped one day a worthy heir would reclaim them
