Enabling Learning in Nursing and Midwifery Practice Sue West, Tim Clark, Melanie Jasper, 2008-04-30 With current Government targets to increase health and social care practitioners there is an increased need for informed mentors and preceptors to support the development of the students and new health professionals Enabling learning in nursing and midwifery practice A guide for mentors seeks to underpin recent mentoring initiatives exploring the impact of mentoring supervision and preceptorship on professional practice covering principles that underpin effective learning and providing practical guidance on mentoring and assessment strategies within practice settings Enabling learning in nursing and midwifery practice A guide for mentors addresses the inter professional and policy context for mentorship examines the nature of effective learning environments and provides mentors with the necessary tools to assist students in their development within a practice setting It explores the use of reflective practice virtual learning and other core resources to

enhance and support learning in practice and addresses assessing practice making correct judgements about student competence and the development of competence in newly qualified practitioners Enabling learning in nursing and midwifery practice A guide for mentors is an important resource text for practitioners seeking to support learning in practice as well as experienced mentors and preceptors seeking to update their skills and understanding Key features Evidence based practical guide to effective mentoring and preceptorship Integrates theory and practice Addresses the context of learning in practice and the challenges of clinical supervision Promotes understanding of the importance of assessing practice and managing the mentoring process Equips mentors to enable students and newly qualified staff to gain confidence and expertise Includes activities points for reflection and examples from practice [Facilitating learning in practice](#) The Open University, This 24 hour free course explored the principles and best practices underpinning the mentorship of nurses in order to develop mentorship skills *Children's and Young People's Nursing in Practice* Valerie Coleman, Lynda Smith, Maureen Bradshaw, 2006-09-28 This innovative textbook uses a problem based learning PBL approach to cover content that is most common to child branch nursing courses The evidence based PBL triggers are grounded in the reality of everyday contemporary nursing practice and readers are engaged in an active learning process in order to develop key skills for clinical practice and life long learning The book features individual chapters focusing on the different care environments that student nurses experience when caring for children young people and families within health and social care It is not necessary for readers to be undertaking a PBL structured course in order to use and benefit from this text *Mentoring, Learning and Assessment in Clinical Practice* Ci Ci Stuart, 2013-06-20 This is a how to do it practice centred book providing workable educational strategies to assist busy practitioners supervise and support the learning and assessment of learners during clinical placements to achieve valid and reliable assessments All strategies are underpinned by a solid theoretical and evidence base The complexity and challenges of mentoring learning and assessing in the clinical setting are specifically addressed Particular focus on the management of the non achieving and failing student with reference to extensive recent work on mentoring learning and assessment of clinical practice Critical exploration of professional accountability and associated legal ramifications surrounding learning and assessment of clinical practice Detailed consideration of how to use a model for learning from experience as a framework to facilitate experience based learning Extensive reference to the legislation standards and guidelines on pre registration health care education published by the Nursing and Midwifery Council NMC and the Health and Care Professions Council HCPC Additional material on the monitoring and assessment of professional conduct and behaviours **The Practitioner as Teacher - Updated Edition** Brian Dolan, Sue Hinchliff, 2017-04-20 Mentors for student nurses and newly registered nurses will welcome the revised fourth edition of this trusted handbook on how to teach others peers students patients and relatives It is written in a user friendly style talking through strategies with the reader This is a practical How to guide rather than an academic treatise with particular emphasis

on the use of competencies Learning objectives begin each chapter Sets teaching within the context of nursing and education Aids the teaching of reflective practice Activities and exercises reinforce learning Cartoons illustrate significant points Kirkpatrick evaluation model Competency based practice SCARF Status Certainty Autonomy Relatedness and Fairness in education Revalidation with the NMC Accreditation of Prior Experiential Learning APEL Coaching and Mentoring in Health and Social Care Julia Foster-Turner,2006 This book provides a solid grounding in the key principles and practice of coaching and mentoring and explains how this connects with current thinking in the Health and Social Care sectors It offers comprehensive step by step guidance on the process with a wide range of tools and techniques to explore Coaching and Mentoring in health and Social Care challenges the reader to consider issues about the motivation personal development standards and ethics of coaches mentors and their practice based on current and emerging best practice in the field The concepts and techniques explored within the book draw from the knowledge and expertise of people at the leading edge of coaching and mentoring The book covers the breadth of most coaching and mentoring relationships the organisational preparation and context needed to support them and the key factors to attend to in order to ensure quality It is ideal for practicing and aspiring healthcare mentors and coaches managers and leaders involved in staff development and HR practitioners trainers and educators It will also be of interest to practitioners with a general interest in facilitating personal development The Nurse Mentor's Handbook Danny Walsh,2010-10-01 All nurses have a duty via their professional code of conduct to pass on their knowledge and this book is the ideal companion text for all new and trainee nurse mentors This book provides a unique guide to strategies and ideas to help devise and enhance learning opportunities for their students With a practical and accessible style the book answers all those questions that mentors may have about the mentoring role including How can I create a good learning environment How should I assess students in practice How do I support failing students What should I include in my mentors portfolio The book includes cases quotes from practitioners strategies tools and interventions that you can use in clinical practice The Nurse Mentor s Handbook is centred around the Nursing and Midwifery Council NMC mentor standards and is easy to relate to nurse mentor courses and the requirements for effective updating **Communication in Midwifery - E-Book** Tania Staras,2023-03-14 Kind honest and open communication is at the heart of midwifery care and maternity practice and is vital in providing safe person centred care This new book explores communication in midwifery from a range of perspectives and across different settings It considers the theoretical and practical dimensions of communication including how and why we communicate and who we communicate with It uses case studies and practical examples to put ideas into real world context and to explore topic areas in ways which are thought provoking accessible and useful to practitioners Above all Communication in Midwifery supports midwives in developing their theoretical understanding around communication and building a practical toolkit of ideas and strategies for use in a range of settings and with diverse groups of people It helps midwives and other caregivers in navigating the nuanced and

complex situations they encounter every day where clear honest and collaborative communication is vital Covers communication in pregnancy birth and the postnatal period the use of written verbal and non verbal approaches and complex scenarios where communication may be challenging such as diverse groups trauma and loss Explores new methods of communicating including the use of the internet and social media and their benefits and challenges Highlights the importance of communication between professions and ways this can be enhanced Covers contemporary issues of consent risk and safety in maternity care Useful at all stages of a midwife s career from undergraduate to qualified midwife

Successful Practice Learning for Nursing Students Kath Sharples,2011-06-02 Pre registration student nurses spend 50% of their training in practice which provides a wealth of opportunities to develop their knowledge and skills However many new students find themselves in a clinical environment which is foreign and confusing The new edition of this popular book formerly Learning to Learn in Nursing Practice helps nursing students prepare for their practice learning experiences and get the most out of them in order to achieve the required standards This book is first and foremost a practical guide for students on developing learning skills during their practice experiences

Assessment, Supervision and Support in Clinical Practice Ci Ci Stuart,2007-01-01 A book for all the mentors and assessors of clinical practice in the nursing and midwifery professions who have the crucial task of ensuring that the clinical practice of students attains the standards required for professional registration

Nursing Education Jennifer Boore,Patrick Deeny,2012-09-18 Nursing Education provides a strategic guide and practical focus to curriculum planning and development It will help all those involved in the provision of nursing education to understand the issues involved at the different stages of preparing a nursing curriculum which meets both professional and academic requirements integrates theory and practice enables students to achieve the skills and competencies they need for professional practice includes different methods of teaching and learning provides clear guidance for student selection and assessment Balancing theoretical principles with practical application and linked closely to the NMC s 2010 standards for pre registration nursing Jennifer Boore and Pat Deeny illustrate clearly and accessibly how to develop tailored education programmes so that nurse educators and clinicians in practice can enable their students to provide up to date and appropriate patient care

A Handbook for Student Nurses, 2018/19 edition Wendy Benbow,Gill Jordan,2018-08-08 A Handbook for Student Nurses provides an introduction to the essential background knowledge that pre registration nursing students need as a foundation for their training It covers the core of first year nursing studies Legal and professional issues Communication Values and health care ethics Reflection and personal development Evidence based practice Study skills Medicine IV fluid and drug administration Case studies and examples activities and reflection points all aid learning while references to legislation key documents and reports and website links to relevant organisations provide easy access to core information A Handbook for Student Nurses is widely recommended in institutions across the UK and is essential reading for new students This 2018 19 edition incorporates the latest

developments in the health service and references have also been comprehensively updated WHAT STUDENTS AND LECTURERS THINK ABOUT THIS BOOK an invaluable resource and a daily accompaniment for lectures I take it into my second year with the knowledge that I have a great reference book I can reflect on throughout my years of training I found this to be an excellent resource and I feel students new to the profession would find it extremely useful The book is well organised highly readable and accessible An excellent introductory text for student nurses written in a clear and illuminative style An excellent textbook that provides up to date and relevant information for pre and post registration nursing students This is an excellent book full of relevant information for student nurses

Nmc Guidelines For Mentoring Students Introduction

In the digital age, access to information has become easier than ever before. The ability to download Nmc Guidelines For Mentoring Students has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Nmc Guidelines For Mentoring Students has opened up a world of possibilities. Downloading Nmc Guidelines For Mentoring Students provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Nmc Guidelines For Mentoring Students has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Nmc Guidelines For Mentoring Students. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Nmc Guidelines For Mentoring Students. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Nmc Guidelines For Mentoring Students, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites

they are downloading from. In conclusion, the ability to download Nmc Guidelines For Mentoring Students has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Nmc Guidelines For Mentoring Students Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
