Planning & Programme Implementation Department, 2012 *Transnational Alliances in Higher Education* Hana Fehrenbach, 2023-07-12 Hana Fehrenbach's book examines organizational level transnational strategic alliances Through the perspectives of dynamic capabilities and neo institutionalism the study explores the interplay of rationales pathways and benefits of transnational alliances over time of leading universities of technology TU9 in Germany Complex inter connected dynamics at the macro i e society meso i e organization and micro levels i e individual are examined in this qualitative study driven by a deductive approach These interrelated dynamics are then reflected in a recursive process model called STANCE which depicts how through these types of alliances institutions of higher education position themselves in single or multiple organizational fields to gain more strategic and social fitness The study is timely considering the paucity of comprehensive and theoretically anchored research on this contemporary phenomenon and the need for policy makers and senior leadership to make evidence based decisions

Development and the Right to Education in Africa A.C. Onuora-Oguno, 2018-05-22 This book is about the right to basic education and its impact on development in Africa It focuses on the elusive subject of litigating the right to education by examining jurisprudence from select African countries and India The project further analyses the various challenges that impede access to education with the attendant lack of political will to curb corruption and calls for the building of strong

institutions and the involvement of both state and non state actors in driving development via education It also covers the scope for legal practitioners and policy makers and supports institutional framework in realizing the right to basic education
