| A) | palpation.    |
| B) | inspection.   |
| C) | percussion.   |
| D) | auscultation. |

ANS: B

The skills requisite for the physical examination are inspection, palpation, percussion, and auscultation. The skills are performed one at a time and in this order (with the exception of the abdominal assessment, where auscultation takes place before palpation and percussion). The assessment of each body system begins with inspection. A focused inspection takes time and yields a surprising amount of information.
