Cajun Literature and Cajun Collective Memory Mathilde Köstler, 2022-12-19 How does Cajun literature emerging in the 1980s represent the dynamic processes of remembering in Cajun culture Known for its hybrid constitution and deeply ingrained oral traditions Cajun culture provides an ideal testing ground for investigating the collective memory of a group In particular francophone and anglophone Cajun texts by such writers as Jean Arceneaux Tim Gautreaux Jeanne Castille Zachary Richard Ron Thibodeaux Darrell Bourque and Kirby Jambon reveal not only a shift from an oral to a written tradition They also show hybrid perspectives on the Cajun collective memory Based on recurring references to place the texts also reflect on the Acadian past and reveal the innate ability of the Cajuns to adapt through repeated intertextual references The Cajun collective memory is thus defined by a transnational outlook a transversality cutting across various ethnic heritages to establish and legitimize a collective identity both amid the linguistic and cultural diversity in Louisiana and in the face of American mainstream culture Cajun Literature and Cajun Collective Memory represents the first analysis of the mnemonic strategies Cajun writers use to explore and sustain the Cajun identity and collective memory

Hart Crane's Poetry John T. Irwin, 2011-11-17 In one of his letters Hart Crane wrote Appollinaire lived in Paris I live in Cleveland Ohio comparing misspelling and all the great French poet s cosmopolitan roots to his own more modest ones in the midwestern United States Rebelling against the notion that his work should relate to some European school of thought Crane defiantly asserted his freedom to be himself a true American writer John T Irwin long a passionate and brilliant critic of Crane gives readers the first major interpretation of the poet s work in decades Irwin aims to show that Hart Crane s epic *The Bridge* is the best twentieth century long poem in English Irwin convincingly argues that compared to other long poems of the century *The Bridge* is the richest and most wide ranging in its mythic and historical resonances the most inventive in its combination of literary and visual structures the most subtle and compelling in its psychological underpinnings Irwin brings a wealth of new and varied scholarship to bear on his critical reading of the work from art history to biography to classical literature to philosophy revealing *The Bridge* to be the near perfect synthesis of American myth and history that Crane intended Irwin contends that the most successful entryway to Crane s notoriously difficult shorter poems is through a close reading of *The Bridge* Having admirably accomplished this Irwin analyzes Crane s poems in *White Buildings* and his last poem *The Broken Tower* through the larger context of his epic showing how Crane in the best of these worked out the structures and images that were fully developed in *The Bridge* Thoughtful deliberate and extraordinarily learned this is the most complete and careful reading of Crane s poetry available Hart Crane may have lived in Cleveland Ohio but as Irwin masterfully shows his poems stand among the greatest written in the English language
