Healthy Beauty Samuel S. Epstein,Randall Fitzgerald,2010-12-21 Anti aging products are the fastest growing sector of the cosmetics industry as women

and men are becoming rapidly more obsessed with looking and feeling young. Splashy ads and commercials are everywhere we turn promising to keep our appearances fresh and our partners satisfied. But do consumers really know what they're applying to their faces and bodies in their quests for youth and beauty? Do they know the health risks they're taking by simply applying lipstick, face moisturizer or deodorant? Toxic beauty products clutter the shelves at retail stores everywhere and consumers don't know the avoidable risks they're taking by following a simple beauty regimen.

Written by Dr Samuel S Epstein, a founder and chairperson of the Cancer Prevention Coalition, *Healthy Beauty* gives the lowdown on salon safety, health risks hiding in everyday products, how we put our children in danger and more. *Healthy Beauty* will also educate you and your family on easily implemented solutions through the use of a variety of positive alternatives. In *Healthy Beauty* you will learn how beauty products can affect your children before they're born. The brutal carelessness producers use when creating products for women and children. The risks taken when you step into a salon. Toxins in men's products such as deodorant, cologne and aftershave. How to protect yourself and your family by reading labels and identifying potentially hazardous ingredients. Through the help of Dr Epstein and *Healthy Beauty* you can protect yourself from the possible long term effects of a simple beauty product.

[Encyclopedia of Hair](#) Victoria Sherrow, 2023-03-30. This popular volume on the culture of hair through human history and around the globe has been updated and revised to include even more entries and current information. How we style our hair has the ability to shape the way others perceive us. For example, in 2017 the singer Macklemore denounced his hipster undercut hairstyle, a style that is associated with Hitler Youth and alt right men, and in 2015 actress Rose McGowan shaved her head in order to take a stance against the traditional Hollywood sex symbol stereotype. This volume examines how hair or lack thereof can be an important symbol of gender, class and culture around the world and through history. Hairstyles have come to represent cultural heritage and memory and even political leanings, social beliefs and identity. This second edition builds upon the original volume, updating all entries that have evolved over the last decade, such as by discussing hipster culture in the entries on beards and mustaches and recent medical breakthroughs in hair loss. New entries have been added that look at specific world regions, hair coverings, political symbolism behind certain styles and other topics.
