What conclusions can you draw from your findings? What recommendations can you make to accounting educators regarding programs that train accountants?
2. "Campus Castoffs" is a fund-raising program that has worked in a number of college campuses. It involves gathering clothes, computers, furniture, and other unwanted items prior to graduation. On some campuses as much as 40 tons of waste have been turned into large cash donations. Assume that you are part of a campus team investigating the possibility of a "Trash to Treasure" sale in May. Analyze the financial aspects of gathering castoffs, organizing a sale, pricing the goods, and keeping track of the income that will become a gift to your campus student organization or to a charity your team names.
