Music and Ceremonial at British Coronations Matthias Range,2012-08-23 Coronations are the grandest of all state occasions This is the first comprehensive in depth study of the music that was performed at British coronations from 1603 to the present encompassing the sixteen coronations that have taken place in Westminster Abbey and the last two Scottish coronations Range describes how music played a crucial role at the coronations and how the practical requirements of the ceremonial proceedings affected its structure and performance The programme of music at each coronation is reconstructed accompanied by a wealth of transcriptions of newly discovered primary source material revealing findings that lead to fresh conclusions about performance practices The coronation ceremonies are placed in their historical context including the
