Under Five Flags S. Afsheen,2011-07-21 This book traces the progress of an migr family of Iranian ancestry from ancient times of the royal family of Nadir Shah of Iran via Ashraf Afshar through many generations against the larger historical backdrop of the societies and cultures in which they lived Jacob J Ross FRSL a reader from Literary Consultancy comments This book has clearly been an enormous undertaking covering as it does much of the seminal events that shaped the twentieth century as well as the origins of the State of Iran from 1835 onwards and the emergence of this country as a major focus in the global geopolitical and ideological debates of the present century On top of all this he has layered his own personal history overall he has succeeded in writing a book that is often times insightful at times funny and for me quite elucidating The author Shahrukh shows how significant happenings around the world affected and wrapped each decade of his life The 19th century was described as an age of progress With the help of the telegraph railway and steamships boosting trade the Europeans imperial ambitions reach its heights of development Cultural artistic and political changes emerged that fundamentally modify the way they thought about the world and their place in it Shahrukh born in the 1930s in Burma grew up in a close knit conservative community living a life of luxury in mansion houses with servants and nannies in attendance Then an abrupt convulsion ruptures the serenity of their scene the Second World War erupts and seemingly the world implodes around them Having lost everything they leave Rangoon fleeing from village to village in pursuit of preserving life like Nomads not in search for new pastures but trying to escape from the British and Japanese bombs local bandits and succumbing to disease and death in the jungles of Burma Many survive by selling their precious heirlooms and jewellery After the wreckage of war in Burma they arrive in Calcutta in

December of 1945 Shahrukh is eight years old The authors exploration of the political dynamics that led to the partition of India and Pakistan gives a deeper understanding not only the creation of Pakistan but the religious and ideological ideas that underpinned its formation It therefore helps give a better appreciation of the present situation prevailing in that country In India Shahrukh and family witness the gruesome communal riots and killings between the Hindus and Muslims The Great Calcutta Killing started on 16 August 1946 a day of widespread riot and manslaughter in the city The force and ferocity of this fury in Calcutta leads to the massacre of about three thousand people within twenty four hours with bodies strewn uncounted in the bamboo thickets vultures fed off them Starvation threatened to add to the crisis faced by hospitals At Grammar School he is taught Latin but not Urdu the local language He is taught Shakespeare which he masters but not Allama Iqbal the national poet Their heroes are Nelson and western movie stars He narrates about the aim of school in trying to produce replicas of English public schoolboys After completing his Senior Cambridge Exams Shahrukh gets admitted to D J Science College part of Karachi University For his Bachelor degree he takes Maths and Physics as his major subjects In his final year at the college the Principal appoints Shahrukh as President of the College Student Council He takes this enterprise very seriously and is determined to make it succeed After much debate and discussion a budget is drawn up and finalised it is printed and displayed on the main notice board Each programme of the year proceeds with clockwork precision This is accomplished for the first time in the history of the college Shahrukh exclaims It was worth all the tears sweat and toil The Cold War between the Soviet Union and the United States play      Looking for the Toffees Brian Viner,2014-08-14 In 1977 78 Brian Viner was a season ticket holder in the Gwladys Street End at Goodison Park home to his beloved Everton In front of him were the stars of the day striker Bob Latchford creative midfielder Duncan McKenzie and goalkeeping hero George Wood There were no airs and graces then Viner would regularly see Latchford in the local pub and even once saw Wood mowing the field at his school so asked him to come and join his classmates for a kickabout which he did It would never happen now But as well as nostalgia for that period Viner reveals how this was a time when so much was on the cusp of change in football the first wave of foreign players would arrive the next season with Ossie Ardiles and Arnold Muhren among them on Merseyside the era of punk would soon give way to Thatcherism and even Viner himself at 16 was on the verge of adulthood But little of what happened next could ever have been predicted Viner s investigation of that year in the 1970s based on many interviews with the players of the time not only reveals a vanished era but also shows how football often fails to look after its own as the life stories of what happened to the players afterwards shows but how the spirit of the sport will always shine through      **Examinations** John C. Mathews,2021-11-29 First Published in 1985 Examinations presents a balanced overview and commentary on all the main aspects of public examinations The key themes are examinations and their context historical political social and educational functions of examination how they work equity and fairness of the process and future of public examinations Recurring issues in the book are the tension between the need for

common national standards and the need for diverse individuality and the conflict between competitive functions of examinations as instruments of selection and their descriptive function as reports on standards of performance The author argues that the main aspects of examinations are not given a prominent place in the training of teachers though public examinations have widespread impact on society This book will be an essential read for scholars and researchers of education higher education and also for administrators and policy makers
