conservation efforts for a single species an entire ecological region could benefit very little research has been published on the animal They are solitary nocturnal and highly evasive and until recent developments in camera trap technology they were considered the least photographed large mammal species in the world The information currently available on this endangered species is scattered limited redundant and often inaccurate and no major volume exists as a resource for those interested in the conservation effort for the species until now Phillip Robinson and his coauthors provide a treatment of the natural history biology and ecology of the pygmy hippo along with a discussion of the rare animal s taxonomic niche and a summary of the research initiatives involving it up to this point The authors show the ways in which the pygmy hippo has come into contact with people in West African countries both in terms of ecological and cultural impact This creature has been the subject of local folktales and is treated as almost mythic in some regions Information on issues related to captivity breeding and zoos is provided The book is heavily illustrated with original photographs and anatomic drawings The project should be of use to conservation biologists zoologists and natural history readers and will be the definitive single volume account of an animal that the scientific community has designated to be ecologically significant to West Africa

Why Soldiers Miss War Nolan Peterson, 2019-10-14 The stories are top notch and engaging as soldiers and veterans grapple with big questions while seeking meaning in life and coping with war and PTSD Booklist Ask combat veterans to name the worst experience of their lives and they ll probably tell you it was war But ask them to choose the best experience and they ll usually say it was war too For those who haven t served in combat this is nearly impossible to understand The spectrum of emotions experienced by a combat veteran is far wider than that experienced in civilian life and for that reason it can be hard for a veteran to re assimilate What is it about war that soldiers miss This is a question every civilian should try to understand Weaving together a wide range of stories from the flight deck of a U S aircraft carrier off Syria to climbing a forbidden Himalayan pass into Tibet this moving insightful book explains one of the most everlasting human pursuits war But it is also about coming home and confronting another kind of struggle which we all share the search for happiness In this collection Nolan Peterson writes of war from the perspective of both combatant and witness taking us from missions over Afghanistan as an Air Force special ops pilot to the frontlines against ISIS in Iraq and to trench and tank battles in Ukraine Interweaving his reports with a narrative of his own transformation from combat pilot to war journalist he explores a timeless paradox Why does coming home from war feel like such a disappointment

Vehicles Cristina Berna, Eric Thomsen, 2024-04-10 Mountain search and rescue is one of the most demanding rescue activities of them all It takes place under very severe and often dramatic conditions like high altitude snow and ice crevasses glaciers and avalanches It is the stuff of real heroic acts and romance The occasional demand for assistance but on a large scale is then often carried out by volunteers mainly locals due to the demand for local area and climate knowledge This book is mainly focussed on the Alps but also visits other European mountainous areas The special conditions have led to the development of specialized equipment and the most visible is the widespread use of helicopters which have a high degree of manoeuvrability in inaccessible terrain and ability to carry a payload The helicopter services work together with traditional ground based teams and sometimes move these teams to the search area Helicopters swiftly move injured persons to a medical facility Professional mountain rescue services are quite common near tourist resorts like ski resorts where there is a regular demand The authors have made a similar book on American Air Rescue and the styles have both similarity and differences between the two continents We hope the reader will enjoy our selection of photos *Islamic Financial*

blissful second I forgot that I was paralysed On 31 December 2014 Billy Hedderman suffered a catastrophic injury to his spinal cord while body boarding on the Sunshine Coast paralysing him almost completely from the neck down When asked if he would walk again his doctor simply said I dunno maybe Yet incredibly within just seven months of his injury he was able to beat the odds and run a 10km race in under an hour This is the powerful story of Billy s recovery and a fascinating account of his service as an Officer in the elite Special Forces unit the Army Ranger Wing of the Irish Army It was from this service that he took the never say die attitude that helped him prevail against all medical expectations to recover and serve as an Infantry Officer in the Australian Army It is a story of almost unbelievable personal resilience and mental toughness which will amaze and inspire *AfricanXMag Volume 5 Issue 4* Safari Media Africa contributors, 270 Winchester cast lead session The New Leatherman Generate MUT envy Overland to Central Kafue Part 1 of a wild Zambian Adventure African Ahi How to catch the elusive yellowfin tuna African adventurers of yesteryear The Maneating lions of Tsavo Make a Plan Toilet paper rope stronger than you think True North Fierce Mastery **Technicals** Leigh Neville, 2018-04-19 Over the last 30 years the technical or armed pick up truck has become arguably the most ubiquitous military land vehicle of modern warfare Harking back to the armed Jeeps and Chevrolet trucks of the SAS and Long Range Desert Group in North Africa in World War II the world s first insurgent technicals were those of the Sahrawi People s Liberation Army in Algeria in the late 1970s followed by the Chadian use of technical in the so called Toyota War against Libya Since then technicals have seen use in Somalia Iraq Afghanistan and Libya as well as being used by Western and Russian Special Forces Fully illustrated with commissioned artwork and providing rigorous analysis this is the first history of how this deceptively simple fighting vehicle has been used and developed in conflicts worldwide *Dictators, Democrats, and Development in Southeast Asia* Michael T. Rock, 2016-08-24 Since 1960 only nine developing countries have succeeded in sustaining high growth The aim of Dictators Democrats and Development is to examine how dictators and democrats in three of the nine Indonesia Malaysia and Thailand who share broad similarities with the Rest built and sustained pro growth political coalitions **Saints and Soldiers** Rita Katz, 2022-10-11 Winner 2022 Nellie Bly Book Award Chanticleer International Book Awards More than a decade ago counterterrorism expert Rita Katz began browsing white supremacist and neo Nazi forums The hateful rhetoric and constant threats of violence immediately reminded her of the jihadist militants she spent her days monitoring but law enforcement and policy makers barely paid attention to the Far Right Now years of attacks committed by extremists radicalized online including mass murders at a synagogue in Pittsburgh and mosques in Christchurch New Zealand as well as the Capitol siege have brought home the danger How has the internet shaped today s threats and what do the online origins of these movements reveal about how to stop them In Saints and Soldiers Katz reveals a new generation of terrorist movements that don t just use the internet but exist almost entirely on it She provides a vivid view from the trenches spanning edgy video game chat groups to what ISIS and Far Right mass shooters in El Paso Orlando and elsewhere unwittingly reveal between

the lines of their manifestos Katz shows how the online cultures of these movements far more than their ideologies and leaders create today's terrorists and shape how they commit real world violence From ISIS to QAnon Saints and Soldiers pinpoints the approaches needed for a new era in which arrests and military campaigns alone cannot stop these never before seen threats
