Now in its third edition *Millionaire Expat* is the world's most trusted bestselling guide for expat investors. It shows readers how to protect themselves from financial sharks and build effective portfolios that maximize profits and tax efficiency. This updated guide includes model portfolios of ETFs or index funds. It recommends subtle differences for investors based on nationality while explaining why all-in-one portfolio funds are even simpler and more profitable than individual ETFs. *Millionaire Expat* also provides investment models for socially responsible funds. Best of all, this book is specific. Author Andrew Hallam doesn't just offer theory. He shows you exactly what to buy and where to buy it from. He explains how much you should sell each year upon retirement and discusses repatriation, showing how different countries deal with the taxation of portfolios that were built abroad. And if you're looking for a hands-free approach, *Millionaire Expat* offers something for you as well: lists of roboadvisors and full-service financial firms that offer guidance and build portfolios of ETFs and index funds. But what if you started investing late and can't afford to retire? In that case, Andrew Hallam has you covered. He profiles several low-cost countries that are popular with expats. He explains what countries are great for Global Nomads and for retirees looking for tax breaks, safety, solid health care systems, and a low-cost, enjoyable standard of living. *Millionaire Expat* 3rd edition is an entertaining guide showing readers how to maximize their money and their life satisfaction based on simple smart investing and their choice of retirement destination. Author Andrew Hallam was a high school teacher who built a million-dollar portfolio on a teacher's salary. He knows how everyday people can achieve success in the market. In *Millionaire Expat*, he tailors his best advice to the unique needs of those living overseas to give you the targeted, real-world guidance you need.
