Plato Economics Spring End Of Semester Test 2014

Wolfgang Guggemos

Plato Economics Spring End Of Semester Test 2014:

Disaster Risk Governance Denise Thompson, 2019-07-26 Disaster Risk Governance offers the first extensive engagement with disaster risk governance in the Caribbean and Sub Saharan Africa In the last decade and a half Kenya Jamaica Dominica and Zanzibar have all suffered massive destruction from disasters caused by natural hazards Despite the tremendous investments in disaster risk reduction DRR disasters have wiped out the developmental gains of these countries In this book Denise Thompson argues that disaster risk governance DRG as a practical and academic matter has not been given the attention it deserves and as a result this neglect has undermined the time money and resources invested in DRR in developing countries since the late 1970s and early 1980s Thompson proposes that properly conceptualizing DRG based on context will help to address some of the deficiencies Consequently DRG needs to become a central focus particularly for developing countries Written with real life implications for developing countries Disaster Risk Governance is perfectly suited for practitioners and researchers in area studies disaster risk reduction and disaster governance as well as students of disaster studies
