

Psychotherapy DAP Note

Psychiatric Social Worker

Date of Exam: 4/28/2012

Time of Exam: 9:00:56 AM

Patient Name: Conner, Andrea

Patient Number: 1000010644560 Improvement is occurring. "My social life now revolves around exercise instead of drinking with my friends."

Problem Pertinent Review of Symptoms: Feelings of anxiety are denied. Andrea denies experiencing dysphoric moods. Sleep disturbance is not reported. Andrea describes rare substance cravings. She denies the temptation to use. Andrea denies use. Andrea reports that she has been regularly attending AA meetings. A sample for urine drug screening was obtained. She has maintained sobriety. Impulsive behaviors are not reported. Content of Therapy: The patient's substance abuse problems were the main issue this session. Feelings of shame were also expressed.

Therapeutic Interventions: The focus of today's session was on helping the patient increase insight and understanding. The main therapeutic techniques used involved the exploration of the patterns of certain behaviors. Therapeutic efforts also included aiding the patient in identifying the precipitants of unproductive feelings and behaviors. . The importance of abstinence was also reviewed.

MENTAL STATUS: Andrea is alert, attentive, casually groomed, and relaxed. She exhibits speech that is normal in rate, volume, and articulation and is coherent and spontaneous. Language skills are intact. Mood is entirely normal with no signs of depression or mood elevation. Affect is appropriate, full range, and congruent with mood. Insight into illness is normal. Social judgment is intact. Signs of chemical withdrawal are exhibited by Andrea. Mild signs of anxiety which appear to be secondary to withdrawal are present.

DIAGNOSES: The following Diagnoses are based on currently available information and may change as additional information becomes available.

Axis I: Alcohol Abuse, 305.00 (Active)

INSTRUCTIONS / RECOMMENDATIONS / PLAN: Link to Treatment Plan Problem: Substance Abuse Short Term Goals: Andrea will make plans for a recreation activity that does not involve alcohol or drugs, within one week.

Target Date: 4/29/2012 ----- Excellent progress in reaching these goals and resolving problems seemed evident today. Recommend that the interventions and short term goals for this problem be re-written at the next Treatment Team meeting.

Sample Case Note Substance Abuse

Ian Pickup

Sample Case Note Substance Abuse:

Psychological Well-Being in the Gulf States Justin Thomas, 2013-11-08 Few regions of the planet have undergone such rapid social transition as the Arabian Gulf States *Psychological Well Being in the Gulf States* explores the implications of these rapid changes in terms of mental health and psychological well being

Contemporary Case Studies in Clinical Mental Health for Children and Adolescents Jennifer N. Baggerly, Athena A. Drewes, 2024-01-05 Practicing counselors psychologists social workers and graduate students emerging into mental health professions are often faced with complex cases that do not conform neatly to theoretical textbooks It can be difficult to overcome the communication barrier and correctly interpret the awkward or shocking things children and adolescents may say in a therapeutic setting *Contemporary Case Studies in Clinical Mental Health for Children and Adolescents* is a versatile case based practical treatment guide for child and adolescent therapy that provides current real world clinical examples undergirded by a theoretical approach This resource provides both a succinct discussion of diagnoses and theories as well as in depth step by step treatment guidance through contemporary case studies of diverse children and adolescents to apply and challenge typical textbook definitions Editors Baggerly and Drewes further address the dramatic changes in contemporary issues from the COVID pandemic race related events and political unrest to technological innovation and how these events might impact these demographics in a therapeutic context Mental health professionals will find this resource a handy modern guide and reference to better support diverse children and adolescents in their practice

a significant impact on your medical decision making and interviewing styles and effectiveness Leads you through key information for each case prompting you to use your medical Spanish clinical skills in a series of prompts and questions as the case unfolds Assessment questions follow each case to test your comprehension Provides more than two dozen audio cases to improve your listening comprehension of different nationalities and accents of Spanish speaking patients Provides real world content from Drs Pilar Ortega and Marco Alem n who serve on the steering committee for the National Medical Spanish Taskforce that aims to standardize the educational approach to a national assessment examination for Medical Spanish Expands your global skills set in your home country when caring for patients who speak Spanish or when caring for patients in other countries through global medicine programs Evolve Instructor site with an image and test bank is available to instructors through their Elsevier sales rep or via request at <https://evolve.elsevier.com>

Innovations in Adolescent Substance Abuse Interventions Eric Wagner,Holly Waldron,2001-09-14 Innovations in Adolescent Substance Abuse Interventions focuses on developmentally appropriate approaches to the assessment prevention or treatment of substance use problems among adolescents Organized into 16 chapters this book begins with an assessment of adolescent substance use theory methods and effectiveness of a drug abuse prevention approach and problem behavior prevention programming for schools and community groups Some chapters follow on the community family and school based interventions for adolescents with substance use problems Other chapters explain psychopharmacological therapy the assertive aftercare protocol for adolescent substance abusers and twelve step based interventions for adolescents

Determinants of Substance Abuse Mark Galizio,Stephen A. Maisto,2013-06-29 With the recent increase in the scope of drug and alcohol problems has come an awareness of the need for solutions In this context federal support for research on drug problems increased tremendously during the last 10 to 15 years with the establishment of the National Institute on Drug Abuse NIDA and the National Institute on Alcohol Abuse and Alcoholism NIAAA Funding from these and other sources has led to a substantial increase in the quantity and quality of published work related to substance abuse As data accumulate it is becoming more apparent that substance abuse problems are extremely complex and are influenced by a variety of biological psychological and environmental variables Unfortunately it has proved difficult to go beyond this conclusion to a description of how these multiple factors work together to influence the development of and recovery from drug and alcohol dependence The purpose of this book is to try to meet that objective by including in one volume literature reviews and theoretical analyses from a wide variety of drug researchers We chose the authors in an attempt to assure that each of the various levels of analysis appropriate to the substance abuse problems would be included In each case the author was asked to consider how the variables in his or her particular domain might contribute to the appearance of individual differences in both alcohol and drug problems

Signal Detection for Medical Scientists Ram Tiwari,Jyoti Zalkikar,Lan Huang,2021-06-24 Signal Detection for Medical Scientists Likelihood Ratio Based Test Based Methodology presents the data mining techniques with

focus on likelihood ratio test LRT based methods for signal detection It emphasizes computational aspect of LRT methodology and is pertinent for first time researchers and graduate students venturing into this interesting field The book is written as a reference book for professionals in pharmaceutical industry manufactures of medical devices and regulatory agencies The book deals with the signal detection in drug device evaluation which is important in the post market evaluation of medical products and in the pre market signal detection during clinical trials for monitoring procedures It should also appeal to academic researchers and faculty members in mathematics statistics biostatistics data science pharmacology engineering epidemiology and public health Therefore this book is well suited for both research and teaching Key Features Includes a balanced discussion of art of data structure issues in signal detection statistical methods and analytics and implementation of the methods Provides a comprehensive summary of the LRT methods for signal detection including the basic theory and extensions for varying datasets that may be large post market data or pre market clinical trial data Contains details of scientific background statistical methods and associated algorithms that a reader can quickly master the materials and apply methods in the book on one s own problems

Child Abuse and Neglect India Bryce,Yolande Robinson,Wayne Petherick,2019-02-02 *Child Abuse and Neglect Forensic Issues in Evidence Impact and Management* provides an overview of all aspects of child abuse and neglect approaching the topic from several viewpoints First child abuse is considered from both victimization and offending perspectives and although empirical scholarship informs much of the content there is applied material from international experts and practitioners in the field from policing to child safety and intelligence The content is presented to align with university semester timetables in three parts including 1 Typologies methods and platforms for abuse 2 Impacts and prevention and 3 Issues surrounding recognition and management of child abuse This book fills a void in the available university level classroom targeted literature promoting the inclusion of child abuse as a standalone subject within university curricula As such readership includes undergraduate and postgraduate students teachers and wider scholarship as well as practitioners including those from psychology criminology criminal justice and law enforcement Presents an up to date approach that tackles child abuse from several viewpoints Includes typologies risk and protective factors recognition responses biopsychosocial outcomes public policy prevention institutional abuse children and corrections treatment and management and myths and fallacies Provides information on significant advances in knowledge areas such as disclosure the neurological effects of child abuse and neuroplasticity and online and virtual child abuse

Assessing and Treating Low Incidence/High Severity Psychological Disorders of Childhood Stefan C.

Dombrowski, Karen L. Gischlar, Martin Mrazik, 2011-07-08 During the past several decades interest in children's psychological disorders has grown steadily within the research community resulting in a burgeoning knowledge base The majority of the attention and funding not surprisingly has focused on the more prevalent and well known conditions Although this raises the odds that young people with more well known disorders such as ADHD autism and learning disorders will receive much needed professional assessment and intervention children with less frequently encountered disorders may experience a higher risk of misdiagnosis and inappropriate treatment Useful data has been scattered throughout the literature for severe but less frequent childhood psychological disorders including fire setting gender identity disorder impulse control disorders i.e. kleptomania trichotillomania intermittent explosive disorder selective mutism Munchausen by proxy childhood schizophrenia gang involvement sexual offending self injurious behavior and feral children This concise volume offers up to date information on these conditions which though relatively rare may have profound effect not only on the children themselves but also their families friends and the community at large Coverage of each disorder is presented in an accessible format covering Overview and history Description and diagnostic classification with proposed changes to the DSM V Etiology and theory Assessment tools and interview protocols Commonly used psychological and pharmacological treatment options Current research issues and directions for future investigation Assessing and Treating Low Incidence High Severity Psychological Disorders of Childhood is a must have reference for researchers clinicians practitioners and graduate students in clinical child and school psychology pediatrics psychiatry social work school counseling education and public

policy *Street Practice* Lori McNeil,2016-04-01 Presenting recent studies of non profit organizations involved in poverty relief services in New York City in comparison with programmes in existence across the US *Street Practice* provides a front line ground level perspective on innovative research practices designed to solve community problems It explores the manner in which organizations bridge the gap between research and policy advocacy with an account of the ways in which research contributes to alleviating or solving a community problem as well as details on successes and failures of advocacy work problems and limitations of their research funding constraints and political resistance As such this book not only offers compelling examples of social change in action but also serves to introduce models for research and policy advocacy that can be applied similarly in other urban areas Adopting a case based learning approach that enables readers to better understand the dynamic process of research and policy advocacy this innovative book will appeal to those with interests in poverty homelessness policy advocacy social work and social change *Marriage and Family Therapy* Linda Metcalf,2023-12-23 Learn how to take different models of therapy from theory to real world practice Delivering proven therapeutic strategies that can be used immediately by students of marital and family therapy this text brings 15 modern and postmodern therapy models to life through guiding templates and interviews with master therapists The text progresses step by step through marriage and family essentials describing in detail the systemic mindset and basic terminology used by the marriage and family therapist Interviews with such master therapists as Albert Ellis David V Keith and Mariana Martinez who each provide commentary on a single case study give readers the opportunity to observe different models in action clarifying theory and practice simultaneously Instructive templates for each model illuminate the nuts and bolts of the therapy process and help instructors bring content to life so students can visualize and practice the process The updated third edition presents new interviews with master therapists a new case study that reflects the modern day client and a section on social justice in each chapter Also featured in the third edition are links to valuable new websites recommended reading for in depth study of each model and an updated Instructor Manual Test Bank and Instructor Chapter PowerPoints Audio and Video content are also available for chapters focusing on therapy models to dive deeper into practical application interviews and role play New to the Third Edition New chapters on social justice teletherapy practices marriage and family therapy in times of crisis including COVID 19 and the advantages of an accredited program New interviews with master therapists who are evolving the systemic mindset including an updated case study that reflects the contemporary client A section on social justice for each therapy model Audio and video content with interviews discussions and role play to enhance learning Key Features Provides a guiding template for each model from assessment through termination Introduces the theory history theoretical assumptions techniques and components of each paradigm Delivers numerous interviews case study commentaries and analyses by prominent master therapists Provides theory and practice on supervision research ethics and self care of the therapist **Culture and Self-Harm** Dinesh Bhugra,2020-07-26 Attempted suicide is a matter of serious public health

concern Culture and Self Harm considers the factors that may contribute to this increased rate of self harm and suicide among south Asians in London which cannot be blamed on migration alone Cultural pressures that dictate the way stress is dealt with are examined and the effects of cultural conflict and changes in an individual s cultural identity are considered Culture and Self Harm offers a new preventative strategy that will be of theoretical and clinical interest to all mental health professionals social workers voluntary and primary care workers It will help them understand significant factors that play a key role in the lives of south Asians who attempt suicide and what lessons can be learnt for dealing with other ethnic groups with the same problems **Resources in Education** ,2001 **Substance Use and Delinquent Behavior Among**

Serious Adolescent Offenders Edward P. Mulvey,2011-05 This study followed 1 300 serious juvenile offenders for 7 years after their conviction Here are the key findings 1 Chronic offenders are much more likely than other juvenile offenders to be substance users and to qualify as having substance use SU disorders SU and offending at one age is a consistent predictor of continued serious offending at a later age 2 Dispositional factors e g sensation seeking behavioral disinhibition poor affect regulation stress depression can lead to externalizing behaviors such as SU and criminal activity 3 SU and serious offending fluctuate in similar patterns over time suggesting a reciprocal or sequential relationship 4 SU and serious offending decrease in late adolescence Illus A print on demand report **Correctional Counseling, Treatment, and Rehabilitation** Robert

D. Hanser,2023-12-01 Written for the undergraduate and graduate future practitioner Correctional Counseling Treatment and Rehabilitation will provide an overview of how counseling exists within the correctional environment both in institutional settings and community based settings Author Robert D Hanser recognized for both scholarship and practice in correctional mental health treatment uniquely positions this text to offer a real world practitioner focused approach to the topic Correctional Counseling Treatment and Rehabilitation approaches the reader with the presumption that there is a basic understanding of issues in corrections however there is not any true exposure to offender treatment Explaining the techniques and processes that are utilized in the actual treatment process this text will equip all future correctional practitioners with an understanding of basic concepts within correctional counseling and treatment that are up to date and relevant to the world of practitioners With a hands on approach this new text will guide students through how to apply this material throughout **Federal Probation...** ,1975 What Works (and Doesn't) in Reducing Recidivism Edward J.

Latessa,Shelley L. Johnson,Deborah Koetzle,2020-06-08 What Works and Doesn t in Reducing Recidivism offers criminologists and students an evidence based discussion of the latest trends in corrections Experts Latessa Johnson and Koetzle translate the research and findings about what works and doesn t work in reducing recidivism into understandable concepts and terms presenting them in a way that illustrates the value of research to practice Over the last several decades research has clearly shown that rehabilitation efforts can be effective in reducing recidivism among criminal offenders but it is clear that treatment is not a one size fits all approach Offenders vary by gender age crime type and or addictions to name

but a few ways and these individual needs must be addressed by providers Finally issues such as leadership quality of staff and evaluation efforts affect the quality and delivery of treatment services While other texts have addressed issues regarding treatment in corrections this text is unique in that it not only discusses the research on what works but also addresses the implementation issues faced as practitioners move from theory to practice as well as the importance of staff leadership and evaluation efforts This book synthesizes the vast research for the student interested in correctional rehabilitation as well as for the practitioner working with offenders

Performance Measures of Effectiveness United States. Office of National Drug Control Policy, *Adjustment Disorder* Patricia Casey, 2018-03-10 Although adjustment disorders AD have been included in the major psychiatric diagnostic classifications for over 50 years no book devoted solely to the topic of AD s has been published to date Apart from scant coverage in psychiatric textbooks there is little to assist the doctor or therapist in understanding or making a diagnosis of AD The result is the under recognition of AD s in settings where it is believed to be a common condition In general practice where AD s are said to be the most common disorder they are seldom recognized and are misdiagnosed as depressive illness major depressive disorder or generalized anxiety disorder Even among psychiatrists AD s are underdiagnosed except in consultation liaison psychiatry and even there changes in diagnostic practice are afoot

Adjustment Disorder From Controversy to Clinical Practice provides concise and comprehensive information on AD s and advances a greater understanding and better diagnostic skills among those clinicians working with this group of patients This accessible and clinically driven book is amplified by up to date theoretical information such as exploring the psychobiology of AD s considering the best evidence based treatments and touching on the philosophical questions that AD s raise such as whether AD s are actually a disease The chapters follow a natural progression beginning with the history and controversies through to epidemiology diagnosis and treatment then addressing the biology of AD s and concluding with an examination of AD s in special groups such as children and adolescents as well as in medico legal settings
