Fourth Generation Mobile Communication Peter Curwen, Jason Whalley, 2013-12-02 This book deals with the development of so called fourth generation mobile communications or 4G. It covers all aspects of the technology in a form comprehensible to the general reader: a history of its implementation on a worldwide basis and information on how it will be used to improve business transactions. It is up to date, comprehensive and is based upon information acquired from well over one thousand individual sources. All of the data are set up in a manner that simplifies comparisons between countries and service providers. Based on the extensive analysis of the different contexts and progress of 4G technology, future prospects for high speed mobile communications are also presented.

Design, User Experience, and Usability: Web, Mobile, and Product Design Aaron Marcus, 2013-07-03 The four volume set LNCS 8012, 8013, 8014 and 8015 constitutes the proceedings of the Second International Conference on Design, User Experience and Usability DUXU 2013 held as part of the 15th International Conference on Human Computer Interaction HCII 2013 held in Las Vegas, USA, in July 2013 jointly with 12 other thematically similar conferences. The total of 1666 papers and 303 posters presented at the HCII 2013 conferences was carefully reviewed and selected from 5210 submissions. These papers address the latest research and development efforts and highlight the human aspects of design and use of computing systems. The papers accepted for presentation thoroughly cover the entire field of Human Computer Interaction, addressing major advances in knowledge and effective use of computers in a variety of application areas. The total of 282 contributions included in the DUXU proceedings were carefully reviewed and selected for inclusion in this four volume set. The 83 papers included in this volume are organized in the following topical sections: DUXU in business and the enterprise; designing for the Web; experience, product design; information and knowledge; design and visualisation; and mobile applications and services.

Language Processing and Knowledge in the Web Iryna Gurevych, Chris Biemann, Torsten Zesch, 2013-09-13 This book constitutes the refereed conference proceedings of the 25th International Conference on Language Processing and Knowledge in the Web, GSCL 2013, held in Darmstadt, Germany, in September 2013. The 20 revised full papers were carefully selected from numerous submissions and cover topics on language processing and knowledge in the Web on several important dimensions such as computational linguistics, language

technology and processing of unstructured textual content in the Web.

The Smartphone Elizabeth Woyke, 2011-05-10 A technology reporter's behind-the-scenes history of the device that has taken over our lives. How have smartphones shaped the way we socialize and interact? Who tracks our actions, our preferences, our movements as recorded by our smartphones? These are just some of the questions that Elizabeth Woyke, a journalist who has covered the industry for Bloomberg Businessweek, Forbes and MIT Technology Review, addresses in this book. Including photos and an in-depth look at the early decades of mobile communication, *The Smartphone* offers not only a step-by-step account of how smartphones are designed and manufactured but also a bold exploration of the darker side of this massive industry, including the exploitation of labor, the

disposal of electronic waste and the underground networks that hack and smuggle smartphones Featuring interviews with key figures in the development of the smartphone and expert assessments of the industry's main players Apple Google Microsoft and Samsung *The Smartphone* is the perfect introduction to this most personal of gadgets Your smartphone will never look the same again The author does a good job explaining the relationships among the makers carriers and developers and she delivers an engrossing chapter on design trends Kirkus Reviews
