Mental Workload for Improved Workplace Performance Realyvásquez-Vargas, Arturo, Arredondo-Soto, Karina Cecilia, Hernández-Escobedo, Guadalupe, González-Reséndiz, Jorge, 2019-11-22 Employees of different labor sectors are involved in different projects and pressed to deliver results in a specific period of time which increases their mental workload. This increase can lead to a high mental workload which in turn leads to a decline in job performance. Therefore, strategies for managing mental workload and promoting mental health have become necessary for corporate success. Evaluating Mental Workload for Improved Workplace Performance is a critical scholarly book that provides comprehensive research on mental workload and the effects both adverse and positive that it can have on employee populations as well as strategies for decreasing or deleting it from the labor sector. Highlighting an array of topics such as psychosocial factors, critical success factors, CSF, and technostress, this book is ideal for academicians, researchers, managers, ergonomists, engineers, industrial designers, industry practitioners, and students. *The Routledge Handbook of Destination Marketing* Dogan Gursoy, Christina Chi, 2018-04-27 This book examines key contemporary marketing concepts, issues, and challenges that affect destinations within a multidisciplinary global perspective. Uniquely combining both the theoretical and practical approaches, this handbook discusses cutting edge marketing questions such as innovation in destinations, sustainability, social media, peer-to-peer applications, and web 3.0. Drawing from the knowledge and expertise of 70 prominent scholars from over 20 countries around the world, The Routledge Handbook of Destination Marketing aims to create an international platform for balanced academic research with practical applications in order to foster synergetic interaction between academia and industry. For these reasons, it will be a valuable resource for both researchers and practitioners in the field of destination marketing.

Enhancing Competitive Advantage With Dynamic Management and Engineering Machado, Carolina, Davim, J. Paulo, 2018-06-15 While many advances have been made in understanding the complexity of manufacturing and production engineering, the social and organizational context remains problematic due to the abstract nature of leadership and diverse personnel. Interdisciplinary perspectives to increase knowledge and understanding of engineering management and related processes are necessary in the industry. Enhancing Competitive Advantage With Dynamic Management and Engineering is an essential reference source containing scholarly research on the relevant theoretical frameworks and the latest empirical research findings of strategic administration in engineering. It also explores how to better merge interrelationship organizations management and employee needs in order to increase efficiency, productivity, and profitability. Featuring coverage on a broad range of topics such as business process orientation, diversity management, and enterprise architecture, this book provides vital research for managers, researchers, engineers, and other professionals within engineering and production management. Leadership and Business Ethics Gabriel Flynn, 2022-01-24 This book offers new and challenging approaches to business ethics that successfully link theory and practice, thereby overcoming lacunae and inadequacies in much of the literature concerning ethics and governance, a theme that recurs with remarkable frequency in the history of

business ethics as an academic discipline This work provides imaginative and innovative proposals for the indispensable coupling of virtue integrity and character with global business finance and banking The volume seeks to overcome the marginal status of business ethics in universities business and enterprise by demonstrating that virtue ethics is an important step in the direction of an adequate response to the leadership issue This new edition of a popular work points to new ways of achieving an ever more urgent coalescence of ethics and business It proposes practical advice and viable suggestions to business people on what is right and wrong in business The volume makes a vital contribution in the area of education that should serve the ongoing development of top leaders In the important domain of women in leadership the volume provides new solutions that break boundaries on the global stage The work challenges unethical marketing of human images with important implications for citizenship and society The volume contains creative suggestions for the use of spirituality and human development for the enhancement of business and society The significantly extended second edition includes an exciting line up of leading academics and practitioners in the audacious hope that something may change for the better in the realms of business and banking Organizational Behavior Steven McShane, Mary Ann Von Glinow, 2014-01-16
