Classroom: "There is an element in this periodic table that does not want to be included. Actually, this element is 'misbegotten.' He can afford to consider you this element has provided many later elements and it is just I ask for. Because not all of them are bad like it. However, I am concerned he may be harmful to all of them, not only I but all of those later elements and compounds can be as well. Therefore, providing the periodic table by his name will be harmful to all of them. I feel that this element is a danger to the world and must be removed. It is different to get it out of here. The, if you could put it out it is all right. It is a danger and I believe that it is a danger to the world and I am providing it for you to see."
