again **Migrants Who Care** Fumilayo Showers, 2023-09-15 As the U S population ages and as health care needs become more complex demand for paid care workers in home and institutional settings has increased This book draws attention to the reserve of immigrant labor that is called on to meet this need Migrants Who Care tells the little known story of a group of English speaking West African immigrants who have become central to the U S health and long term care systems With high human capital and middle class pre migration backgrounds these immigrants hailing from countries as diverse as Cameroon Sierra Leone Ghana Nigeria and Liberia encounter blocked opportunities in the U S labor market They then work in the United States as home health aides certified nursing assistants qualified disability support professionals and licensed practical and registered nurses This book reveals the global political social and economic factors that have facilitated the entry of West African women and men into the health care labor force home and institutional care for older adults and individuals with physical and intellectual disabilities and skilled nursing It highlights these immigrants role as labor brokers who tap into their local ethnic and immigrant communities to channel co ethnics to meet this labor demand It illustrates how West African care workers understand their work across various occupational settings and segments in the health care industry This book reveals the transformative processes migrants undergo as they become produced repackaged and deployed as health care workers after migration Ultimately this book tells the very real and human story of an immigrant group surmounting tremendous obstacles to carve out a labor market niche in health care providing some of the most essential and intimate aspects of care labor to the most vulnerable members of society Providing Residential Care Services for the Elderly Doris K. Williams, 1992 *Proverbs 31* Linda Ogbah Faas, 2022-10-12 As I was reading Proverbs 31 yet again yearning to learn all I could from this virtuous woman in order to be a better version of myself it started dawning on me that it has been spoken of and taught to us on how to be a virtuous woman at home in the church and in our community However not much emphasis has been placed on the business building entrepreneurial characteristics of the same virtuous woman when every verse in her chapter literally mentions one business or another that she founded or managed This resonated in me to shine a bright light on all these qualities that were unintentionally underdiscussed Maybe it was because she was a woman doing business or maybe we are too accustomed to women being assumed to manage only the home In this day and age many women manage not just their homes but they manage businesses organizations churches educational institutes military units and much more In order to represent these modern women I also needed to point out that women managing businesses did not start with the virtuous woman it started with the first generation of women that were mentioned in the Bible As you read the stories of these Bible women and how their daily lives transcend to modern women in our generation you get to read real life stories of Christian women that have diligently combined the ability of managing their families and their businesses and still kept God first and foremost in their lives just as the Proverbs 31 virtuous woman did *1979-80 Directory of Women Owned Businesses* National Association of Women Business Owners
