Burrell,2011-11-07 In February 1945 some 80 000 U S Marines attacked the heavily defended fortress that the Japanese had constructed on the tiny Pacific island of Iwo Jima Leaders of the Army Air Forces said they needed the airfields there to provide fighter escort for their B 29 bombers At the cost of 28 000 American casualties the 3rd 4th and 5th Marine Divisions dutifully conquered this desolate piece of hell with a determination and sacrifice that have become legendary in the annals of war immortalized in the photograph of six Marines raising the American flag on Mount Suribachi But the Army Air Forces fighter operations on Iwo Jima subsequently proved both unproductive and unnecessary After the fact a number of other justifications were generated to rationalize this tragically expensive battle Ultimately misleading statistics were presented to contend that the number of lives saved by B 29 emergency landings on Iwo Jima outweighed the cost of its capture In The Ghosts of Iwo Jima Captain Robert S Burrell masterfully reconsiders the costs of taking Iwo Jima and its role in the war effort His thought provoking analysis also highlights the greater contribution of Iwo Jima s valiant dead They inspired a reverence for the Marine Corps that proved critical to its institutional survival and its embodiment of American national spirit From the 7th War Loan Campaign of 1945 through the flag raising at Ground Zero in 2001 the immortal image of Iwo Jima has become a symbol of American patriotism itself Burrell s searching account of this fabled island conflict will advance our understanding of World War II and its continuing legacy for the twenty first century At last the battle s ghosts may unveil its ultimate and most crucial lessons

Deutermann, 2023-11-28

The tiny Pacific island of Iwo Jima was the focus of an epic land and sea battle that produced one of the most iconic images of World War II: US Marines raising the American flag on Mount Suribachi, an active volcano where American and Japanese soldiers desperate to secure the island's airfields fought hand to hand and always to the death. In this gripping novel, award-winning author and retired commodore P. T. Deutermann follows a young Navy gunnery officer stationed on the battleship *Nevada* from the beginning of the battle to its decisive end. Lieutenant Lee Bishop serves in the main plotting room aboard *USS Nevada*, targeting fourteen-inch shells from the ship's guns against enemy positions on Iwo Jima called in by frantic Marine spotters ashore. But after the Marines suffer devastating losses of spotting personnel to the Japanese hunting teams sent out specifically to kill them, Bishop volunteers to serve onshore as a replacement, calling in coordinates to target Japanese positions with offshore naval gunships such as *Nevada*. But Bishop is completely unprepared for what he witnesses and experiences: a literal hell on earth during which twenty-six thousand Americans become casualties in desperate and often hand-to-hand fighting with the enemy garrison men committed to dying for Japan. Bishop goes from the safe air-conditioned gunnery control spaces of a battleship to the mud, blood, and sheer terror of night fighting against suicidal Japanese who come out of the night and leap into Marine foxholes with samurai swords to slaughter American Marines. The battle culminates on the stinking slopes of the volcano where Bishop calls in monster projectiles against banzai charges while using a Thompson submachine to save his own life and those of his fellow Marines. *Iwo 26 Charlie* is a frighteningly dramatic, utterly authentic novel by an award-winning writer and Navy veteran who is a contemporary master of World War II military fiction. — [NOMADS : A Black & Orange Novel - Book 2](#) Benjamin Kane Ethridge, A decade has passed since the events of *BLACK ORANGE* and the Church of Midnight has almost been singlehandedly decimated by the Nomad named Patty.

Middleton After a series of mass executions she demands to get answers from the mysterious Messenger and is tireless in her pursuit despite the protests of her partner While Patty seems closer to discovering the identity of the Messenger she has also developed a dangerous condition with her power to create the invisible fields known as mantles This condition could kill her or people around her just when she needs to focus on her enemies who now include a government group known as the Office of Arcane Phenomenon Meanwhile Chaplain Cloth disappointed and impatient with years of failing seeks a rumored pair of columns that will hold the gateway open forever Patty Middleton is more than a match for him though and half of his Church is gone If he doesn't make his move now he might not get another chance for thousands of years There's no room for error He has to get those columns and sacrifice the Heart of the Harvest But this year the Heart isn't in our world This time around the Nomads and Chaplain Cloth are spending Halloween in the Old Domain **School Library Journal** ,2007 The Mechanical Engineer's Pocket-book William Kent,1910
