[The Occupation of Iraq: Volume 2](#) Stefan Talmon, 2014-07-18 The invasion and occupation of Iraq rank among the most controversial and complex issues in international law in recent history This volume of documents covers the occupation of Iraq from the planning stages of the invasion of Iraq in early 2002 to the transfer of governing authority to the Iraqi Interim Government on 28 June 2004 The book presents 595 selected documents including the first complete set of all Regulations Orders Memoranda and Public Notices issued by the US led occupation

administration of Iraq the Coalition Provisional Authority CPA several of which were never published on the CPA's website or promulgated in Alwaqai Aliraqiya the Official Gazette of Iraq. Some of these legal acts have shaped the economic and political system of present day Iraq and will be part of the country's legal order for years to come. The book also includes some 120 other CPA and CPA related documents selected from more than 5000 unclassified CPA documents and received under freedom of information requests lodged in the United States, the United Kingdom, Australia and Switzerland. These documents include instructions and proclamations to the Iraqi people in the early stages of the occupation, organizational charts, internal legal opinions, diplomatic notes, international agreements concluded by the CPA with other States and numerous internal memoranda for the head of the CPA, Ambassador Paul L. Bremer, on legal, diplomatic and political issues. The book also presents for the first time all 235 resolutions passed by the Iraqi Governing Council (IGC) between July 2003 and June 2004. The resolutions as well as many of the 25 other important IGC documents including various political statements, press releases and decrees of the Council's Higher National De-Ba'athification Commission have been translated from Arabic and are presented here for the first time in English. These documents are complemented by the relevant United Nations documents on the occupation of Iraq as well as some 50 policy documents of the United States, the United Kingdom and the Iraqi opposition movement as well as all relevant fatwas, religious rulings of Grand Ayatollah Ali al-Sistani which shaped the internal Iraqi political process during the occupation. This collection archives these important documents for future use and makes them easily accessible to researchers and professionals. Considering that the main source of information for the occupying powers in Iraq were the precedents set during the First and Second World Wars, the occupation of Iraq will serve as a modern precedent for future administrations of occupied territory. The documents are made easily accessible by a comprehensive table of documents, a list of abbreviations, more than 1100 explanatory notes and cross references and a substantive subject index. This volume is the second on The Occupation of Iraq. It is complemented by a monograph by the same author which on the basis of the documents collection presents a comprehensive analysis of The Governance of Occupied Territory in Contemporary International Law.

Miller Not-for-profit Reporting ,2002 Change a Life, Change your Own Peter Ove,2018-06-11T00:00:00Z

Change a Life Change Your Own is a long overdue adult discussion about how child sponsorship a spectacularly successful fundraising tool infantilizes both donor and recipient turning good intentions into paternalism and reinforcing stereotypical Western ideas about helplessness and hopelessness in developing countries Ian Smillie author of The Charity of Nations Freedom from Want and Diamonds Change a Life Change Your Own For less than a dollar a day For the cost of one coffee a day With these slogans and their accompanying images of poor children some of the world s largest development organizations invite the global North to engage in one of their most prominent and successful fundraising techniques child sponsorship But as Peter Ove argues in Change a Life Change Your Own child sponsorship is successful not because it addresses the needs of poor children but because it helps position what it means to live ethically in an unequal and unjust world In this way child sponsorship is seen as more than an effective marketing tool it is a powerful mechanism for spreading particular ideas about the global South the global North and the relationship between the two Through sponsorship the desire to raise money secure appropriate childhoods and become better people ends up taking priority over the goal of living together well on a global scale Drawing on in depth interviews with child sponsors and sponsorship staff Change a Life Change Your Own explores the contexts in which sponsorship promotional material is produced interpreted and acted upon This is not an expos on the use of sponsorship dollars or high administrative costs it is a clearly written and compelling account of how the problem of development is constructed such that child sponsorship is seen to be a rational and ethical solution
