Wilson, 2017-09-05 This book uses the figure of the Victorian heroine as a lens through which to examine Jane Austen's presence in Victorian critical and popular writings Aimed at Victorianist readers and scholars the book focuses on the ways in which Austen was constructed in fiction criticism and biography over the course of the nineteenth century For the Victorians Austen became a kind of cultural shorthand representing a distant yet not too distant historical past that the Victorians both drew on and defined themselves against with regard to such topics as gender literature and national identity Austen influenced the development of the Victorian literary heroine and when cast as a heroine herself was deployed in debates about the responsibilities of the novelist and the ability of fiction to shape social and cultural norms Thus the study is as much if not more about the Victorians than it is about Jane Austen *Jane Austen and the Arts* Natasha Duquette, Elisabeth Lenckos, 2013-12-04 The essays collected in *Jane Austen and the Arts* Elegance Propriety and Harmony examine Austen's understanding of the arts her aesthetic philosophy and her role as artist Together they explore Austen's connections with Edmund Burke Adam Smith Johann Wolfgang von Goethe Madame de Staël Joanna Baillie Jean Jacques Rousseau Mary Anne Schimmelpenninck and other writers engaged in debates on the sensuous experience and the intellectual judgment of art Our contributors look at Austen's engagement with diverse art forms painting ballet drama poetry and music investigating our topic within historically

grounded and theoretically nuanced essays They represent Austen as a writer thinker reflecting on the nature and practice of artistic creation and considering the social moral psychological and theological functions of art in her fiction We suggest that Austen knew modified and transformed the dominant aesthetic discourses of her era at times ironically to her own artistic ends As a result a new and compelling image of Austen emerges a portrait of a lady artist confidently promoting her own distinctly post enlightenment aesthetic system
