the Art Institute charting the museum's past present and future vision of what museum education can be and do Drawing from a rich trove of archival oral and photographic resources authors offer a lively account of museum education as an evolving profession an outlet for aesthetic and political programs and a crucial element of the Art Institute's public mission from the moment of its founding in 1879 The project sponsored by the Woman's Board of The Art Institute of Chicago to commemorate its fiftieth anniversary also explores that group's signal commitment to education and volunteerism at the museum which has ranged from creating suburban community associations to sponsoring a corps of volunteer docents from establishing a pioneering children's museum to planning celebrations that open the Art Institute's doors to the widest possible public A pathbreaking effort this publication constitutes an important unique contribution to the history of education in American cultural institutions *American Notes & Queries*, 1943 *Tiepolo's Cleopatra* Jaynie Anderson, 2003

Professor Jaynie Anderson is an internationally recognised scholar renowned for her research and publications on the Italian masters On this occasion she has concentrated on one painting the National Gallery of Victoria's famous Banquet of Antony and Cleopatra by Giambattista Tiepolo This glorious work of art considered a centre piece of the collection has recently undergone restoration in preparation for the re opening of the National Gallery on St Kilda Road in December 2003 Jaynie Anderson has collected together a previously under examined range of Tiepolo's drawings and studies and other versions of the theme by Tiepolo and other Italian artists She has woven them into the spectacular history of the painting its production and its various owners prior to coming to Australia including the Hermitage in St Petersburg not to mention the fascinating stories of Antony and Cleopatra and their suicides which the author has researched and retells in great detail and considerable passion The book concludes with a chapter written by the National Gallery of Victoria's conservators John Payne and Carl Willis **Women and Power in the Middle Ages** Mary Erler, Maryanne Kowaleski, 1988

Power in medieval society has traditionally been ascribed to figures of public authority violent knights and conflicting sovereigns who altered the surface of civic life through the exercise of law and force The wives and consorts of these powerful men have generally been viewed as decorative attendants while common women were presumed to have had no power or consequence Reassessing the conventional definition of power that has shaped such portrayals *Women and Power in the Middle Ages* reveals the varied manifestations of female power in the medieval household and community from the cultural power wielded by the wives of Venetian patriarchs to the economic power of English peasant women and the religious power of female saints Among the specific topics addresses are Griselda's manipulation of silence as power in Chaucer's *The Clerk's Tale* the extensive networks of influence devised by Lady Honor Lisle and the role of medieval women book owners as arbiters of lay piety and ambassadors of culture In every case the essays seek to transcend simple polarities of public and private male and female in order to provide a more realistic analysis of the workings of power in feudal society **Elderly Chinese in Pacific Rim**

Democracy is what the WTO protestors are calling for it s the main concern of human rights advocates and it s only long term way to end terrorism But how does democracy spread What can be done to encourage and support This remarkable new collection brings together some of the best minds in variety of fields to discuss the conditions that promote and sustain or undermine and extinguish democratic institutions and ideas Spanning political thought from ancient Athens to contemporary sub Saharan Africa the contributors develop an outline of how democracy develops Several key factors emerge Democratic transitions are always heavily shaped by the ideas and practices of past regimes like tribal traditions in Africa international political and economic pressure to liberalize as in Asia and current economic conditions The quality of democracy is almost always improved by the elimination of religion as the center of the state by the move from democracy as protection of the individual from the state to democracy as enhancer of rights and by the progression from a focus on the individual to a focus on the community Expansive in its coverage and fundamental in its significance The Making and Unmaking of Democracy is a volume to learn from argue against and expand upon Education Outlook ,1898 *Newsletter* ,2003 *George I.
