Development Delusions and Contradictions David Sims,2022-12-12 This book analyses the shortcomings of the Western development aid programme Through exploring the evolution of aid over more than seven decades development is examined as an industry with a variety of motives and actors The driving forces and dynamics in the relationship between aid and economic development are highlighted in relation to faulty development structures and misaligned aims With a particular focus on Egypt radical questions are posed on how global aid and development can be improved including how it can respond to the COVID 19 pandemic This book aims to present an alternative aid framework to help overcome the dysfunctionality of the current international development system It will be of interest to researchers and policymakers working within development economics and development policy **Postfeminism in Context** Margaret Henderson,Anthea Taylor,2019-10-21 Postfeminism in Context studies the representation of women in Australian popular culture over the past three decades to locate postfeminism in a specific time and place Margaret Henderson and Anthea Taylor argue that postfeminism as a critical term has been too often deployed in ways that fail to account for historical and cultural specificity This book analyses Australian popular culture chick lit novels dramedy television shows women s magazines YouTube beauty vlogs self help manuals and newspapers to reveal the tensions contradictions and ambiguities that have always been constitutive of postfeminism including in Australia Examining how these popular forms intervene in dominant conversations about contemporary Australian femininities Postfeminism in Context maps the ways in which various aspects of Australia s history and national identity have shaped its postfeminism While Henderson and Taylor identify some of the limited postfeminist tropes and patterns of representation evident in comparable locales they also find that Australian popular culture has responded to feminism in a much more hopeful way Adding some much needed cultural specificity to the ongoing debate around this loaded term Postfeminism in Context is essential reading for those interested in Australian popular culture feminism and the gendered politics of representation Planting Letters and Weaving Lines Jonathan Homrighausen,2022-11-17 The illuminations of The Saint John s Bible have delighted many with their imaginative takes on Scripture But many struggle to appreciate the calligraphy more deeply than merely noting its beauty Does calligraphy mean something How is it beautiful This book written by a biblical scholar who has spent years working with this Bible shows how calligraphic art powerfully interplays visual form textual content and creative process Homrighausen proposes five lenses for this art form gardens weaving pilgrimage touching and enfleshing words Each of these lenses springs from the poetry of the Song of Songs its illuminations in The Saint John s Bible and medieval ways of understanding the scribe s craft While these metaphors for calligraphic art draw from this particular illuminated Bible this book is aimed at all lovers of calligraphy art and sacred text **The ^AOxford Handbook of the Prophets** Carolyn Sharp,2016-09-01 This volume engages the cultural norms and theological convictions of ancient Israel in the shadow of the Egyptian Babylonian and Persian empires Essays
