Notre-Dame de Paris Victor Hugo, 1895 **Biographie Universelle Classique. Biographie Universelle, Ou Dictionnaire Historique, Etc**, 1833 *Notre-dame de Paris 1482* Victor Hugo, Notre-Dame de Paris Victor Hugo, 2015-12-28

PREFACE Notre Dame de Paris Also known as The Hunchback of Notre Dame by Victor Hugo A few years ago while visiting or rather rummaging about Notre Dame the author of this book found in an obscure nook of one of the towers the following word engraved by hand upon the wall ANArKH These Greek capitals black with age and quite deeply graven in the stone with I know not what signs peculiar to Gothic caligraphy imprinted upon their forms and upon their attitudes as though with the purpose of revealing that it had been a hand of the Middle Ages which had inscribed them there and especially the fatal and melancholy meaning contained in them struck the author deeply He questioned himself he sought to divine who could have been that soul in torment which had not been willing to quit this world without leaving this stigma of crime or unhappiness upon the brow of the ancient church Afterwards the wall was whitewashed or scraped down I know not which and the inscription disappeared For it is thus that people have been in the habit of proceeding with the marvellous churches of the Middle Ages for the last two hundred years Mutilations come to them from every quarter from within as well as from without The priest whitewashes them the archdeacon scrapes them down then the populace arrives and demolishes them Thus with the exception of the fragile memory which the author of this book here consecrates to it there remains to day nothing whatever of the mysterious word engraved within the gloomy tower of Notre Dame nothing of the destiny which it so sadly summed up The man who wrote that word upon the wall disappeared from the midst of the generations of man many centuries ago the word in its turn has been effaced from the wall of the church the church will perhaps itself soon disappear from the face of the earth It is upon this word that this book is founded March 1831

Actology Malcolm Torry, 2020-07-08 Two streams run through the Western philosophical stream one characterized by Being beings the unchanging the static and the unitary and the other by Action actions the changing the dynamic and the diverse The former might be represented by Parmenides Plato and much of what followed the latter by Heraclitus and by rather less of what followed The book explores the Action stream as it wound its way through history through Heraclitus Plato Aristotle Hegel Maurice Blondel Henri Bergson Pierre Teilhard de Chardin process philosophy and theology Geoffrey Studdert Kennedy Ludwig Wittgenstein and John Boys Smith The journey enables us to create the beginnings of an actology a way of seeing ourselves the universe and God in terms of actions in patterns rather than as beings that change Such an actology offers a complete alternative narrative far more in tune with the diverse and rapidly changing world in which we live than the ontology that has shaped philosophy theology and much else for the past two thousand years *Medieval*

MS Vma r s 571 Sacred Repertories in Paris under Louis XIII reveals that far from being a transitional period in which little music of any interest was produced the reign of Louis XIII witnessed a flowering of musical activity and the development of musical techniques normally associated with the reign of Louis XIV Based on an exhaustive and innovative manuscript study Sacred Repertories shows that Vma r s 571 a largely anonymous source of previously unknown provenance was copied in Paris by the composer Andr Pechon and that it preserves three previously unidentified repertories with connections to the court of Louis XIII The repertoire of the musique de la chambre until now considered a secular institution shows it to have been an equal partner of the chapelle in the provision of sacred music at court The repertoire of the royal parish church of Saint Germain l Auxerrois the only working liturgical repertory surviving from the century illustrates musical practices at this important collegiate church And the repertoire of the Royal Benedictine Abbey of Montmartre testifies to the richness of musical tradition in Parisian convents during a period when no other comparable music from France survives Sacred Repertories thus transforms our understanding of the musical landscape of seventeenth century France and provides a springboard fo
