Standardization in the Romance Languages Franz Lebsanft, Felix Tacke, 2020-01-20 Language standardization is an ongoing process based on the notions of linguistic correctness and models This manual contains thirty six chapters that deal with the theories of linguistic norms and give a comprehensive up to date description and analysis of the standardization processes in the Romance languages The first section presents the essential approaches to the concept of linguistic norm ranging from antiquity to the present and includes individual chapters on the notion of linguistic norms and correctness in classical grammar and rhetoric in the Prague School in the linguistic theory of Eugenio Coseriu in sociolinguistics as well as in pragmatics cognitive and discourse linguistics The second section focuses on the application of these notions with respect to the Romance languages It examines in detail the normative grammar and the normative dictionary as the reference tools for language codification and modernization of those languages that have a long and well established written tradition i e Romanian Italian French Catalan Spanish and Portuguese Furthermore the volume offers a discussion of the key issues regarding the standardization of the minor Romance languages as well as Creoles *Manual of Brazilian Portuguese*

Linguistics Johannes Kabatek, Albert Wall, 2022-10-24 This manual is the first comprehensive account of Brazilian Portuguese linguistics written in English offering not only linguists but also historians and social scientists new insights gained from the intensive research carried out over the last decades on the linguistic reality of this vast territory In the 20 overview chapters internationally renowned experts give detailed yet concise information on a wide range of language internal as well as external synchronic and diachronic topics Most of this information is the fruit of large scale language documentation and description projects such as the project on the linguistic norm of educated speakers NURC the project Grammar of spoken Portuguese and the project Towards a History of Brazilian Portuguese PHPB among others Further chapters of high contemporary interest and relevance include the study of linguistic policies and psycholinguistics The manual offers theoretical insights of general interest not least since many chapters present the linguistic data in the light of a combination of formal functional generative and sociolinguistic approaches This rather unique feature of the volume is achieved by the double authorship of some of the relevant chapters thus bringing together and synthesizing different perspectives

Manual of Deixis in Romance Languages Konstanze Jungbluth, Federica Da Milano, 2015-10-16 Deixis as a field of research has generated increased interest in recent years It is crucial for a number of different subdisciplines pragmatics semantics cognitive and contrastive linguistics to name just a few The subject is of particular interest to experts and students philosophers teachers philologists and psychologists interested in the study of their language or in comparing linguistic

structures The different deictic structures not only the items themselves but also the oppositions between them reflect the fact that neither the notions of space time person nor our use of them are identical cross culturally This diversity is not restricted to the difference between languages but also appears among related dialects and language varieties This volume will provide an overview of the field focusing on Romance languages but also reaching beyond this perspective Chapters on diachronic developments language change comparisons with other non European languages and on interfaces with neighboring fields of interest are also included The editors and authors hope that readers regardless of their familiarity with Romance languages will gain new insights into deixis in general and into the similarities and differences among deictic structures used in the languages of the world

The Routledge Handbook of Sociolinguistics Around the World Martin J. Ball,Rajend Mesthrie,Chiara Meluzzi,2023-07-28 Drawing on examples from a wide range of languages and social settings The Routledge Handbook of Sociolinguistics Around the World was originally the first single volume collection surveying the current research trends in international sociolinguistics This new edition has been comprehensively updated and significantly expanded and now includes more than 50 chapters written by leading authorities and a brand new substantial introduction by John Edwards Coverage has been expanded regionally and there is a critical focus on Indigenous languages This handbook remains a key tool to help widen the perspective on sociolinguistics to readers interested in the field Divided into sections covering the Americas Asia Australasia Africa and Europe the book provides readers with a solid up to date appreciation of the interdisciplinary nature of the field of sociolinguistics in each area It clearly explains the patterns and systematicity that underlie language variation in use along with the ways in which alternations between different language varieties mark personal style social power and national identity The Routledge Handbook of Sociolinguistics Around the World is the ideal resource for all students in undergraduate sociolinguistics courses and for researchers involved in the study of language society and power

Working with Portuguese Corpora Tony Berber Sardinha,Telma de Lurdes São Bento Ferreira,2014-04-10 Although Portuguese is one of the main world languages and researchers have been working on Portuguese electronic text collections for decades e g Kelly 1970 Biderman 1978 Bacelar do Nascimento et al 1984 see Berber Sardinha 2005 this is the first volume in English that encapsulates the exciting and cutting edge corpus linguistic work being done with Portuguese language corpora on different continents The book includes chapters by leading corpus linguists dealing with Portuguese corpora across the world and their contributions explore various methods and how they are applicable to a wide range of language issues The book is divided into six sections each covering a key issue in Corpus

Linguistics lexis and grammar lexicography language teaching and terminology translation corpus building and sharing and parsing and annotation Together these sections present the reader with a broad picture of the field Portuguese grammar Jussara Abraçado, Carlos Alexandre Gonçalves, 2025-01-27 Spoken by millions of people on four continents Portuguese remains a lesser studied language To help improve the linguistic understanding of this pluricentric language the present volume brings together ten studies about different grammatical phenomena observed in Portuguese varieties from suffixation to intercalated temporal clauses and non concatenative verbal inflection among other topics Focusing on two main axes usage and cognition these studies draw on the theoretical frameworks of Functional Linguistics and Cognitive Linguistics but build a cohesive whole insofar as they all offer usage based language approaches By presenting an overview of recent research on Portuguese and its varieties the book paves the way for the inclusion of Portuguese in the set of Neo Latin languages best known to the general public **The Handbook of Portuguese Linguistics** W. Leo Wetzels, Sergio

Menuzzi, João Costa, 2020-01-09 The Handbook of Portuguese Linguistics presents a comprehensive overview of research within the Brazilian and European variants of the Portuguese language It includes chapters focusing on the key areas of linguistic study including phonetics phonology morphology syntax semantics pragmatics linguistic change language variation and contact and acquisition Essential reference work for scholars of Portuguese linguistics and Romance languages Chapters written by an international team of research specialists highlight both the consensus and the controversies within the various subfields of Portuguese linguistics Examines Portuguese linguistics in relation to syntax phonology morphology semantics pragmatics acquisition and sociolinguistics Written in an accessible overview style and designed for advanced students and current scholars in the field alike Essential reference work for scholars of Portuguese linguistics and Romance languages

Contribuições à descrição e ao ensino do Português Brasileiro Juliana Esposito Marins, Mônica Tavares Orsini, Silvia Regina de Oliveira Cavalcante, 2021-12-20 Este livro escrito a muitas mãos constitui-se em uma homenagem linguista brasileira Maria Eugenia Lammoglia Duarte cuja trajetória acadêmica confunde-se com o próprio percurso da Linguística no Brasil O Português Brasileiro objeto de estudo caprichosamente complexo multivocal e apaixonante o fio condutor dessa obra Sobre ele tratam os 17 artigos aqui reunidos que espelham a mesma paixão pelos estudos linguísticos que tem a homenageada **Anthony Julius Naro e a lingüística no Brasil**, 2008 *Word-Formation* Peter O. Müller, Ingeborg Ohnheiser, Susan Olsen, Franz Rainer, 2016-01-15 This handbook comprises an in-depth presentation of the state of the art in word formation The five volumes contain 207 articles written by leading international scholars The XVI chapters of the handbook provide the reader in both general articles and individual studies with a wide variety of perspectives word formation as a linguistic discipline history of science theoretical concepts units and processes in word formation rules and restrictions semantics and pragmatics foreign word formation language planning and purism historical word formation word formation in language acquisition and aphasia word formation and language use tools in word formation research The final chapter comprises 74 portraits of word formation in the individual languages of Europe and offers an innovative perspective These portraits afford the first overview of this kind and will prove useful for future typological research This handbook will provide an essential reference for both advanced students and researchers in word formation and related fields within linguistics *Time and TAME in Language* Ana Maria Tramunt Ibaños, Karina Veronica Molsing, 2014-09-26 This book presents a collection of papers on various syntactic and semantic aspects of temporal expression in language The articles included in this volume were presented at the I International Meeting on Syntax and Semantics and their Interfaces with the main theme of the event being time The authors include well renowned researchers as well as new contributors to the field who present cutting edge research on a variety of topics ranging from the fundamental nature of time to formal approaches to specific tense aspect structures as well as their interaction with other grammatical categories This volume represents a valuable contribution to the field and will be of interest to scholars studying the representation of time in language as well as to syntacticians and semanticists in general **Diachronic Construction Grammar** Jóhanna Barðdal, Elena Smirnova, Lotte Sommerer, Spike Gildea, 2015-07-15 Construction Grammar as a framework offers a new perspective on traditional historical questions in diachronic linguistics and language change how do new constructions arise how should competition in diachronic variation be accounted for how do constructions fall into disuse and how do constructions change in general formally and/or semantically and with what implications for the language system as a whole This volume offers a broad introduction to the confluence of Construction Grammar and historical syntax and also detailed case studies of various instances of syntactic change modeled within Construction Grammar The volume demonstrates that Construction Grammar

as a theory is particularly well suited for modeling historical changes in morphosyntax and it also documents challenging new phenomena that require a theoretical account within any competing framework of syntactic change Studies on English Modality Frank Robert Palmer, 2009 Inspired by Frank Palmer's work this book addresses a set of specific topics pertaining to the description of modality in English and places them in a broader context A number of more general theoretical and typological matters are also raised which bear upon the theory of syntax semantics and pragmatics and their interfaces The methodology adopted is mostly functional typological though some reference is made to various theoretical frameworks ranging from cognitive linguistics to parametric variation Modal meanings are seen to extend beyond particular lexical and grammatical exponents through sentential semantics and into actual contexts of use At the same time the study of modality seems to challenge commonly held views on the relationship between different levels of linguistic analysis Other languages discussed include Brazilian Portuguese Classical and Modern Greek and Spanish *Enciclopedia de Lingüística Hispánica Volume I* Javier Gutiérrez-Rexach, 2016-01-29 The Enciclopedia de Linguística Hispánica provides comprehensive coverage of the major and subsidiary fields of Spanish linguistics Entries are extensively cross referenced and arranged alphabetically within three main sections Part 1 covers linguistic disciplines approaches and methodologies Part 2 brings together the grammar of Spanish including subsections on phonology morphology syntax and semantics Part 3 brings together the historical social and geographical factors in the evolution of Spanish Drawing on the expertise of a wide range of contributors from across the Spanish speaking world the Enciclopedia de Linguística Hispánica is an indispensable reference for undergraduate and postgraduate students of Spanish and for anyone with an academic or professional interest in the Spanish language Spanish linguistics **Manual of Romance Morphosyntax and Syntax** Andreas Dufter, Elisabeth Stark, 2017-09-25 This volume offers theoretically informed surveys of topics that have figured prominently in morphosyntactic and syntactic research into Romance languages and dialects We define syntax as being the linguistic component that assembles linguistic units such as roots or functional morphemes into grammatical sentences and morphosyntax as being an umbrella term for all morphological relations between these linguistic units which either trigger morphological marking e.g. explicit case morphemes or are related to ordering issues e.g. subjects precede finite verbs whenever there is number agreement between them All 24 chapters adopt a comparative perspective on these two fields of research highlighting cross linguistic grammatical similarities and differences within the Romance language family In addition many chapters address issues related to variation observable within individual Romance languages and grammatical change from Latin to Romance

Nova Gramatica Do Portugues Brasileiro Introduction

In today's digital age, the availability of Nova Gramatica Do Portugues Brasileiro books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Nova Gramatica Do Portugues Brasileiro books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Nova Gramatica Do Portugues Brasileiro books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Nova Gramatica Do Portugues Brasileiro versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Nova Gramatica Do Portugues Brasileiro books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Nova Gramatica Do Portugues Brasileiro books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Nova Gramatica Do Portugues Brasileiro books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural

artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Nova Gramatica Do Portugues Brasileiro books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Nova Gramatica Do Portugues Brasileiro books and manuals for download and embark on your journey of knowledge?
