David Malick applies the hermeneutics of narrative analysis to select passages involving women in the Gospels of Mark Luke John and in the Book of Acts At times the scope of this analysis extends beyond heightened understanding of how authors presented women as significant characters and even foils to men in the narratives The use of duality and balance in the narratives of Zacharias and Mary Nicodemus and the Samaritan Woman and Aeneas Tabatha and Cornelius focus on what the author is doing with what he is saying The use of intercalations or sandwich stories brings about heightened meaning when the stories of Jesus mother and the religious leaders or Jairus and the woman with a hemorrhage or Judas and the woman who anoints Jesus for his burial are read together in Mark A first and subsequent reading of the healing of Simon s mother in law in Mark provides the reader with the first picture of true discipleship The literary technique of a sign sermon shows logical unity to what might be considered separate units in Mark and Acts **The Canadian Baptist** ,1909

Many Convincing Proofs Stephen S. Liggins,2016-03-21 While there have been various studies examining the contents of the evangelistic proclamation in Acts and various studies examining from one angle or another individual persuasive

phenomena described in Acts e.g. the use of the Jewish Scriptures no individual studies have sought to identify the key persuasive phenomena presented by Luke in this book or to analyse their impact upon the book's early audiences. This study identifies four key phenomena: the Jewish Scriptures, witnessed supernatural events, the Christian community, and Greco-Roman cultural interaction. By employing a textual analysis of Acts that takes into account both narrative and socio-historical contexts, the impact of these phenomena upon the early audiences of Acts—that is, those people who heard or read the narrative in the first decades after its completion—is determined. The investigation offers some unique and nuanced insights into evangelistic proclamation in Acts, persuasion in Acts, persuasion in the ancient world, each of the persuasive phenomena discussed, evangelistic mission in the early Christian church, and the growth of the early Christian church. *Paul Oda Wischmeyer*, 2012-02-09. This new work aimed at upper-level undergraduates provides an invaluable handbook for students seriously engaging with Paul's life, letters, and context. This new coursebook assesses Paul from four key areas. This book is written by several co-authors, all experts in their given fields, to give the most up-to-date and accurate information to readers but also to present a sense of authorial continuity throughout the book. This book is divided into three main parts: the environment, life, work, and person of Paul; Paul's letters and theological themes; and the reception of Paul and his letters. As such, it provides a comprehensive overview of scholarship on Paul and is the perfect handbook for the serious student wishing to engage with some of the most important writings in the New Testament. This book features maps, tables, text boxes, up-to-date bibliographies, and key points are identified throughout. *Guide to the Picture Galleries ...* Vatican City. Authors have attempted to study the division in church, but it continues to be a perpetual problem for Christianity. The racial divide in Christianity demands continual study and research dedicated to finding answers in the history of the Bible. The book of Acts provides the historical account of the early church's cultural diversity and the apostles' leadership to spread the gospel all over the world in the first century. Therefore, it is critical to research the apostles' leadership, specifically Peter and Paul, to the diversity of the early church following Pentecost in the book of Acts and to apply discovered leadership principles to modern-day church.
