

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

The Complacent Class Tyler Cowen,2017-02-28 A Wall Street Journal and Washington Post

Bestseller Tyler Cowen's blog *Marginal Revolution* is the first thing I read every morning And his brilliant new book *The Complacent Class* has been on my nightstand after I devoured it in one sitting I am at round the clock Cowen saturation right now Malcolm Gladwell Since Alexis de Tocqueville restlessness has been accepted as a signature American trait Our willingness to move take risks and adapt to change have produced a dynamic economy and a tradition of innovation from Ben Franklin to Steve Jobs The problem according to legendary blogger economist and best selling author Tyler Cowen is that Americans today have broken from this tradition we're working harder than ever to avoid change We're moving residences less marrying people more like ourselves and choosing our music and our mates based on algorithms that wall us off from anything that might be too new or too different Match.com matches us in love Spotify and Pandora match us in music Facebook matches us to just about everything else Of course this matching culture brings tremendous positives music we like partners who make us happy neighbors who want the same things We're more comfortable But according to Cowen there are significant collateral downsides attending this comfort among them heightened inequality and segregation and decreased incentives to innovate and create *The Complacent Class* argues that this cannot go on forever We are postponing change due to our near sightedness and extreme desire for comfort but ultimately this will make change when it comes harder The forces unleashed by the Great Stagnation will eventually lead to a major fiscal and budgetary crisis impossibly expensive rentals for our most attractive cities worsening of residential segregation and a decline in our work ethic The only way to avoid this difficult future is for Americans to force themselves out of their comfortable slumber to embrace their restless tradition again

Commonwealth Caribbean Business Law Natalie Persadie, Rajendra Ramlogan, 2015-07-30 Now in its third edition *Commonwealth Caribbean Business Law* continues to break away from the traditional English approach of treating business law primarily as the law of contract and agency Taking a panoramic view it explores the foundation of various legal systems before examining areas of legal liability that affect business activities These include areas such as contract law tort law criminal law agency and internet law which present significant challenges confronting the business sector The book primarily targets the development of business law principles in several Caribbean Commonwealth jurisdictions but where appropriate also embraces the jurisprudence of other Commonwealth nations such as the United Kingdom Canada and Australia It also explores the United States as a non Commonwealth jurisdiction given the increasing importance in the Caribbean of judicial pronouncements relating to internet law from this territory Using excerpts from key judgments the book allows students particularly those with a non legal background to understand key legal principles for business as presented by the judiciary and draws parallels between legal theory and business practice [Consumer Involvement in Private EU Competition Law Enforcement](#) Maria Ioannidou, 2015-09-03 Despite the growing importance of consumer welfare in EU competition law debates there remains a significant disconnect between rhetoric and reality as consumers and their interests still play only an ancillary role in this area of law *Consumer Involvement in Private EU Competition Law Enforcement* is the first
