Ricoeur Derrida Lenjeu De La Meacutetaphore:

Imagination and Chance Leonard Lawlor, 1992-01-01 Imagination and Chance illuminates the different philosophical projects that animate Ricoeur's hermeneutics and Derrida's deconstruction Basic concepts in Ricoeur such as discourse metaphor and symbol and tradition are examined and texts by Derrida including White Mythology Introduction to Husserl's The Origin of Geometry and The Double Session are analyzed The book also includes a previously untranslated round table discussion between Ricoeur and Derrida Ricœur, Derrida Jean-Luc Amalric, 2006-06-09 C'est autour de la métaphore que s'est engagée une singulière discussion entre Ricoeur et Derrida et c'est la seule polémique engagée par Ricoeur dans le cadre de son œuvre philosophique Derrida répondra dans Le retrait de la métaphore et insistera sur le caractère d'concertant pour lui de cette confrontation mais sans engager un véritable débat L'auteur tente modestement de proposer une analyse détaillée des arguments respectifs des deux parties sur cette question de la métaphore pour cerner les enjeux et les raisons de ce malentendu entre les deux philosophes nous chercherons le lieu d'un débat possible entre la pensée de Ricoeur et celle de Derrida dit-il *Reading Derrida and Ricoeur* Eftichis Pirovolakis, 2010-02-16 Written in the aftermath of the deaths of the French philosophers Jacques Derrida 1930 2004 and Paul Ricoeur 1913 2005 this book is an important and innovative study of the contentious relation between deconstruction and hermeneutics Offering close readings of Derrida's and Ricoeur's writings on phenomenology psychoanalysis structuralist linguistics and Levinasian ethics Eftichis Pirovolakis introduces the motif of improbable encounters and explicates why the two thinkers may be said to be simultaneously close to each other and separated by an unbridgeable abyss Pirovolakis complicates any facile distinction between these movements which are two of the most influential streams of continental thought and questions a certain pathos with respect to the distance separating them Pirovolakis also translates Derrida's brief tribute to Ricoeur The Word Giving Naming Calling which appears here in English for the first time The book is essential reading for anyone immersed in continental philosophy or literary theory

Ricoeur and the Post-structuralists Johann Michel, 2015 In this important and original book Johann Michel paves the way for a greater understanding of Paul Ricoeur's philosophy by exploring it in relation to some major figures of contemporary French thought Bourdieu Derrida Deleuze Foucault and Castoriadis Although the fertile dialogue between Ricoeur and various structuralist thinkers is well documented his position in relation to the post structuralist movement is less widely understood Does Ricoeur's philosophy stand in opposition to post structuralism in France or on the contrary is it in fact a unique variation of that movement This book defends the latter statement Michel speaks of post structuralisms in the plural form and engages them in a dynamic confrontation between Ricoeur and his contemporaries in the French intellectual scene The result is a better understanding of Ricoeur's thought and also of the distinctive issues that emerge through confrontation between Ricoeur and each of these post structuralist thinkers **Movement and Metaphor** Christine Anne McWilliam, 1997
