neglected in the closing volume *Romantic Prose Fiction* where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to *Romantic Prose Fiction* explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age

Shelleyan Reimaginings and Influence Michael O'Neill, 2019-02-20 Through attuned close readings this volume brings out the imaginative and formal brilliance of Percy Bysshe Shelley's writing as it explores his involvement in processes of dialogue and influence Shelley recognizes that poetic individuality is the reward of connectedness with other writers and cultural influences A great Poem is a fountain forever overflowing with the waters of wisdom and delight he writes and after one person and one age has exhausted all its divine effluence which their peculiar relations enable them to share another and yet another succeeds and new relations are ever developed the source of an unforeseen and an unconceived delight A Defence of Poetry He is among the major Romantic poetic exponents and theorists of influence because of his passionately intelligent commitment to the onward dissemination of ideas and feelings and to the unpredictable ways in which poets position themselves and are culturally positioned between past and future The book has a tripartite structure The first three chapters seek to illuminate his response to representative texts figures and themes that constitute the triple pillars of his cultural inheritance the classical world Plato Renaissance poetry Spenser and Milton Christianity and in particular the concept of deity and the Bible The second and major section of the book explores Shelley's relations and affinities with as well as differences from his immediate predecessors and contemporaries Hazlitt and Lamb Wordsworth Coleridge Southey Byron Keats including the influence of Dante on Shelley's elegy for his fellow Romantic and the great painter J M W Turner with whom he is often linked The third section considers Shelley's reception by later nineteenth century writers figures influenced by and responding to Shelley including Beddoes Hemans Landon Tennyson and Swinburne A coda discusses the body of critical work on Shelley produced by A C Bradley a figure who stands at the threshold of twentieth century thinking about Shelley

Romantic Echoes in the Victorian Era Andrew Radford, 2017-03-02 In tracing those deliberate and accidental Romantic echoes that reverberate through the Victorian age into the beginning of the twentieth century this collection acknowledges that the Victorians decided for themselves how to define what is Romantic The essays explore the extent to which Victorianism can be distinguished from its Romantic precursors or whether it is possible to conceive of Romanticism without the influence of

these Victorian definitions Romantic Echoes in the Victorian Era reassesses Romantic literature's immediate cultural and literary legacy in the late nineteenth century showing how the Victorian writings of Matthew Arnold Wilkie Collins the Brontës the Brownings Elizabeth Gaskell Charles Dickens Gerard Manley Hopkins Thomas Hardy and the Rossettis were instrumental in shaping Romanticism as a cultural phenomenon Many of these Victorian writers found in the biographical literary and historical models of Chatterton Coleridge Byron Shelley Keats and Wordsworth touchstones for reappraising their own creative potential and artistic identity Whether the Victorians affirmed or revolted against the Romanticism of their early years their attitudes towards Romantic values enriched and intensified the personal creative and social dilemmas described in their art Taken together the essays in this collection reflect on current critical dialogues about literary periodisation and contribute to our understanding of how these contemporary debates stem from Romanticism's inception in the Victorian age

British Romanticism and the Archive David Kerler, 2022-06-06 Taking its cue from Jacques Derrida's concept of *le mal d'archive* this study explores the interrelations between the experience of loss melancholia archives and their self-destructive tendencies surfacing in different forms of spectrality in selected poetry of British Romanticism It argues that the British Romantics were highly influenced by the period's archival fever manifesting itself in various historical material technological and cultural aspects and implicitly reflected and engaged with these discourses and materialities medialities in their works This is scrutinized by focusing on two basal closely related facets the subject's feverish desire to archive and the archive's self-destructive tendencies which may also surface in an ambivalent melancholic relishing in the archived object's presence within its absence Through this new theoretical perspective details and coherence previously gone unnoticed shall be laid bare ultimately contributing to a new and more profound understanding of British Romanticism's It will be shown that the various discursive and material manifestations of archives and archival practices not only echo the period's technological cultural and historical developments along with its incisive experiencing of loss but also fundamentally determine Romantic subjectivity and aesthetics

Romanticism, Memory, and Mourning Mark Sandy, 2016-04-08 The subject of Romanticism Memory and Mourning could not be timelier with Žižek's recent proclamation that we are living in the end times and in an era which is preoccupied with the process and consequences of ageing We mourn both for our pasts and futures as we now recognise that history is a continuation and record of loss Mark Sandy explores the treatment of grief loss and death across a variety of Romantic poetic forms including the ballad sonnet epic elegy fragment romance and ode in the works of poets as diverse as Smith Hemans Blake Wordsworth Coleridge Byron Shelley Keats and Clare Romantic meditations on grief however varied in form and content are self-consciously aware of the complexity and strength of feelings surrounding the consolation or disconsolation that their structures of poetic memory afford those who survive the imaginary and actual dead Romantic mourning Sandy shows finds expression in disparate poetic forms and how it manifests itself both as the spirit of its age rooted in precise historical conditions and as a proleptic power of lasting transhistorical significance

Romantic meditations on grief and loss speak to our contemporary anxieties about the inevitable but unthinkable event of death itself
