Race and the Wild West

Laura J. Arata, 2020-07-02 Winner of the Western Writers of America SPUR Award and the Western Association of Women Historians Gita Chaudhuri Prize Born a slave in eastern Tennessee Sarah Blair Bickford 1852 1931 made her way while still a teenager to Montana Territory where she settled in the mining boomtown of Virginia City Race and the Wild West is the first full length biography of this remarkable woman whose life story affords new insight into race and belonging in the American West around the turn of the twentieth century For many years Sarah Bickford s known biography fit into a single paragraph By examining her life in all its complexity Arata fills in what were long believed to be unrecoverable silent spaces in her story Before establishing herself as a successful business owner we learn she was twice married both times to white men Her first husband an Irish immigrant physically abused her until she divorced him in 1881 Their three children all died before the age of ten In 1883 she married Stephen Bickford and gave birth to four more children Upon his death she inherited his shares of the Virginia City Water Company acquiring sole ownership in 1917 For the final decade of her life Bickford actively preserved and promoted a historic Virginia City building best known as the site of the brutal lynching in 1864 of five men Her conspicuous role in developing an early form of heritage tourism challenges long standing narratives that place white men at the center of the Wild West myth and its promotion Bickford s story offers a window into the dynamics of race in the rural West Although her experiences defy easy categorization what is clear is that her navigation of social norms and racial barriers did not hinge on exceptionalism or tokenism Instead she built a life that deserves to be understood on its own terms Through exhaustive research and nuanced analysis Laura J Arata advances our understanding of a woman whose life

Capital's Terrorists Chad E. Pearson, 2022-10-05 Through the late nineteenth and early twentieth centuries employers and powerful individuals deployed a variety of tactics to control ordinary people as they sought to secure power in and out of workplaces In the face of worker resistance employers and their allies collaborated to use a variety of extralegal repressive techniques including whippings kidnappings drive out campaigns incarcerations arson hangings and shootings as well as less overtly illegal tactics such as shutting down meetings barring speakers from lecturing through blacklists and book burning This book draws together the groups engaged in this kind of violence reimagining the original Ku Klux Klan various Law and Order Leagues Stockgrowers organizations and Citizens Alliances as employers associations driven by unambiguous economic and managerial interests Though usually discussed separately all of these groups used similar language to tar their lower class challengers former slaves rustlers homesteaders of modest means populists political radicals and striking workers as menacing villains and deployed comparable tactics to suppress them And perhaps most notably spokespersons for these respective organizations justified their actions by insisting that they were committed to upholding law and order Ultimately this book suggests that the birth of law and order politics as we know it can be found in nineteenth century campaigns of organized terror against an assortment of ordinary people across racial lines conducted by Klansmen lawmen vigilantes and union busters
