Northern Man The Victor:

Man for All Oceans Stan Grayson, 2017-05-16 In June 1898 three years and two months after departing Boston in his aged oyster sloop Spray Captain Joshua Slocum made land fall in New England and became the first person ever to sail alone around the world The voyage capped a lifetime of adventure for the indomitable Slocum who had advanced from seaman to captain during the challenging final years of commercial sail surviving hurricanes mutinies shipwreck and the death at sea of his beloved first wife Virginia Sailing Alone Around the World Slocum's book about his circumnavigation is a seafaring classic unmatched for adventure and literary verve and has never been out of print since its publication in 1900 Yet despite several biographies over the decades Slocum the man has remained unknowable to his legions of admirers the facts of his life and career as elusive as a ship on a fogbound sea Here is the real story of Slocum's Nova Scotia childhood his seafaring career and how he became an American citizen Grayson gives ample evidence of Slocum's uncanny genius as a navigator while also noting the occasional role that good luck played in his voyages including his odyssey from Brazil to the United States in the self designed and built 35 foot Liberdade And Grayson brings a sailor's perspective to Slocum's solo circumnavigation and mysterious disappearance at sea A fascinating appendix compares Sailing Alone Around the World with Thoreau's Walden and shows that Slocum's simple lifestyle and self sufficiency prefigured today's emphases on the environment and living responsibly Previously unpublished photographs bring Slocum's world to life and detailed maps trace the adventures of a sailor who knew the world like the back of his hand This biography reads like an adventure narrative and will serve as the standard work on Joshua Slocum for years to come

The Romance of Reunion Nina Silber, 2000-11-09 The reconciliation of North and South following the Civil War depended as much on cultural imagination as on the politics of Reconstruction Drawing on a wide range of sources Nina Silber documents the transformation from hostile sectionalism to sentimental reunion rhetoric Northern culture created a notion of reconciliation that romanticized and feminized southern society In tourist accounts novels minstrel shows and popular magazines northerners contributed to a mythic and nostalgic picture of the South that served to counter their anxieties regarding the breakdown of class and gender roles in Gilded Age America Indeed for many Yankees the ultimate symbol of the reunion process and one that served to reinforce Victorian values as well as northern hegemony was the marriage of a northern man and a southern woman Southern men also were represented as affirming traditional gender roles As northern men wrestled with their nation's increasingly global and aggressive foreign policy the military virtues extolled in Confederate legend became more admired than reviled By the 1890s concludes Silber northern whites had accepted not only a newly resplendent image of Dixie but also a sentimentalized view of postwar reunion

Northern Ireland after the troubles Colin Coulter, Michael Murray, 2013-01-18 In the last generation Northern Ireland has undergone a tortuous yet remarkable process of social and political change This collection of essays aims to capture the complex and shifting realities of a society in the process of transition from war to peace The book brings together commentators from a range of academic backgrounds and political perspectives As well as focusing upon those political divisions and disputes that are most readily associated with Northern Ireland it provides a rather broader focus than is conventionally found in books on the region It examines the cultural identities and cultural practices that are essential to the formation and understanding of Northern Irish society but are neglected in academic analyses of the six counties While the contributors often approach issues from rather different angles they share a common conviction of the need to challenge the self serving simplifications and choreographed optimism that frequently define both official discourse and media commentary on Northern Ireland Taken together the essays offer a comprehensive and critical account of a troubled society in the throes of change

Douthwaite, 2002-06-15 This study looks at the lives of the most famous wild children of eighteenth century Europe showing how they open a window onto European ideas about the potential and perfectibility of mankind Julia V Douthwaite recounts reports of feral children such as the wild girl of Champagne captured in 1731 and baptized as Marie Ang lique Leblanc offering a fascinating glimpse into beliefs about the difference between man and beast and the means once used to civilize the uncivilized A variety of educational experiments failed to tame these feral children by the standards of the day After telling their stories Douthwaite turns to literature that reflects on similar experiments to perfect human subjects Her examples range from utopian schemes for progressive childrearing to philosophical tales of animated statues from revolutionary theories of regenerated men to Gothic tales of scientists run amok Encompassing thinkers such as Rousseau Sade Defoe and Mary Shelley Douthwaite shows how the Enlightenment conceived

Reinventing Dixie John Bush Jones, 2015-03-16 Tin Pan Alley once New York City s songwriting and recording mecca issued more than a thousand songs about the American South in the first half of the twentieth century In Reinventing Dixie John Bush Jones explores the broad impact of these songs in creating and disseminating the imaginary view of the South as a land of southern belles gallant gentlemen and racial harmony In profiles of Tin Pan Alley s lyricists and composers Jones explains how a group of undereducated and untraveled writers the vast majority of whom were urban northerners or European immigrants constructed the specific and detailed images of the South used in their song lyrics In the process of evaluating the origins of Tin Pan Alley s songbook Jones analyzes these songwriters attitudes about North South reconciliation ideals of honor and hospitality and the recurring theme of the yearning for home Though a few of the songs employed parody or satire to undercut the vision of a peaceful romantic South the majority ignored the realities of racism and poverty in the region By the end of Tin Pan Alley s era of cultural prominence in the mid twentieth century Jones contends that the work of its writers had cemented the moonlight and magnolias myth in the minds of millions of Americans Reinventing Dixie sheds light on the role of songwriters in forming an idyllic vision of the South that continues to influence the American imagination
