*The Report: Mongolia 2014* Oxford Business Group, 2014-05-23 Since the country's transition from communism two decades ago the Mongolian economy has experienced rapid liberalisation. Sectors including ICT and insurance are expanding quickly and while the mining sector has been responsible for making Mongolia a rising star in the global economy there is great potential for further growth in all economic sectors. Politically stable and rich with natural resources Mongolia has emerged as a bellwether for investor confidence in recent years. The 2013 commercialisation of the Oyu Tolgoi gold and copper mine is helping to diversify Mongolia's mineral exports away from coal while the government is working to improve the investment environment by adopting the new Investment Law among other measures. Challenges do exist however from the long harsh winters that slow construction to the difficulty of connecting the sparsely populated nation through ICT and transport systems. In response the government has partnered with the private sector on a number of fronts in order to promote economic diversification and competitiveness.

**Olof Palme, Sweden, and the Vietnam War** Lubna Z. Qureshi, 2023-06-16 In 1972 Swedish Prime Minister Olof Palme's fierce condemnation of the Christmas Bombings of the North Vietnamese cities of Hanoi and Haiphong led to a breakdown in diplomatic relations at the highest level between Sweden and the United States. The author argues that Sweden's official position of neutrality allowed its Prime Minister greater independence of action on the international stage. Palme opposed the American military intervention in Southeast Asia for its violation of Vietnamese self-determination. Superpower aggression against one small country threatened all others including Palme's own. At the same time the diplomatic freeze did not substantially damage Swedish-American relations. In spite of the tension with the Nixon White House Stockholm and its embassy in Washington maintained excellent relations with Congress with many ordinary Americans and even with Nixon's own State Department.
