

## Understanding grade boundaries 2023

Each year all exam boards have taken to grading was to return to the standard of summer 2019, while giving students protection against any impact of the pandemic. This was done by setting grade boundaries for summer 2020 at the same level as in summer 2019, but lower than in 2021, when grades were set on a mid-point between 2019 and 2021 outcomes. For summer 2022, we used data from 2019 as a starting point for grading. Using this approach supports alignment between exam boards, so that it is no different with one exam board than another.

Senior examiners have then reviewed the quality of student work over a range of marks and recommended grade boundaries based on all the available evidence.

Grade boundaries are set each year to reflect any differences in both the demand of the question papers and ability of the cohort, and this year is no exception.

Higher than when summer exams were last held means that a student is likely to
