Positioning Diversity in Kenyan Schools

Malve von,2022-06-01 Education is considered key for societies to achieve greater social cohesion and equality Yet schools as the main providers of formal education have increasingly come into question concerning their role in manifesting and perpetuating social categorisations inequalities and discrimination instead of decreasing existing fragmentations and challenging power relations and hierarchies As a diverse society Kenya is faced with power struggles and rivalries between different groups for instance along ethnic lines often constructed deep in colonial history This affects teaching and learning in school and the result is that Kenya is faced with vast disparities in terms of educational access and success rendering some social groups marginalised and others favoured Positioning Diversity at Kenyan Schools explores the ways in which teachers in Kenyan primary and secondary schools experience and deal with social categorisations and diversity in terms of ethnicity gender wealth culture religion etc in their professional practice and in the current education system Using critical pedagogy and diversity theory as a lens for positioning diversity in Kenyan schools the questions that this book sets out to answer are In what ways do the teachers and schools practices lead to transformation in terms of more social equality and less discrimination In what ways do the practices manifest existing group categorisations hierarchies and discrimination How can schools and teaching practices in postcolonial Kenya become more inclusive and foster social cohesion and equality

Thus Until Emilia Ilieva,Reuben Matheka,2025-08-04 Thus Until A History of Egerton University is a thorough historical chronological and well researched account of Egerton University from a whites only college when it started in 1939 through to the expansion it has experienced over the years culminating in being a full university More than any other university in Kenya Egerton has a long and colourful history but like all the other universities it has suffered from the political economic and financial challenges of the time especially since the double intake of the 1990s Chapter One provides the required background to the study highlighting agricultural and educational policies and steering away from the Happy Valley hype so characteristic of the period The reader will learn about the Egerton family in Chapter Two and particularly about Lord Egerton himself and the colonial circumstances within which he lived The chapter dispels some of the popularly held myths about him Chapter Three deals with the beginnings of the college and the various structural and curriculum experiments tried out and the kind of enrolment and students it experimented with as an all white establishment The chapter ends with Africans beginning to agitate for change With great attention to detail the later chapters put the university in a broader local and international context thereby increasing its relevance to society A History of Egerton University though heavily footnoted and with a detailed bibliography is written in a simple easy flowing and accessible style
