Larabee, 2015 A fascinating timely and often disturbing history of how underground do it yourself weapons manuals have influenced violent radicalism and how the state has responded **Human Sacrifice** Jimmy Lee Shreeve, 2015-01-20

Welcome to the terrifying world of ritual sacrifice Around the world humans are being trafficked kidnapped sold and enslaved for the specific purpose of sacrifice Mass scale migration has seen these gruesome techniques exported from the land of the Aztecs and finding their way to the United States Britain and many other locations worldwide Voodoo priests in London have been linked to ritual murders and not long ago a Palo Mayombe priestess s New York City apartment yielded its grisly secrets One New Jersey investigator says that sacrificial rites are not only going on today but can be traced back ninety years in the States alone Jimmy Lee Shreeve takes us on a nightmare journey following the initial investigations of Scotland Yard into the murder of a five year old boy whose torso was found floating in the Thames in 2001 and traveling to Africa to unveil a grim trade of exporting humans for sacrifice He uncovers the dark side of voodoo and muti magic linked with a score of sacrifices and murders and in Mexico finds a devotee of Palo Mayombe responsible for torturing his victims and boiling them in a cauldron Along the way Shreeve brings his own brand of offbeat detective skills to the fore providing startling conclusions to some of the world s most horrific murders Brutal and disturbing Human Sacrifice takes us into the dark world of twenty first century ritual murder **The Price of Experience** Randall Sullivan, 2025-09-30 Sullivan has done what every

aspiring true crime writer hopes to do He has crossed the line from titillation into cultural history Los Angeles Times The shocking story of Joe Hunt and the downfall of the Billionaire Boys Club from social investing group to Ponzi scheme to murderers told in a propulsive narrative by Randall Sullivan now updated with a new afterword and soon to be a CNN miniseries When it first came to the public s attention in the fall of 1986 the story of the Billionaire Boys Club and its leader Joe Hunt a young man labeled a yuppie Charles Manson by the prosecutor was splashed across headlines and TV screens throughout the nation The story of rich kids flagrant excess and multiple murders fascinated the American public but deeper truths lay buried beneath The saga was so complex that neither its scope nor its implications could be clearly discerned that is until The Price of Experience was published in 1996 A scholarship student with a strange father and a mysterious background Joe was socially shunned at the ultra elite Harvard School in Los Angeles By age twenty however Joe had made and lost 14 million on Chicago s commodities exchange Back in L A he dazzled former classmates with his power and

confidence assembling them into the BBC Consolidated of North America Inc part corporate empire and part private social club Joe convinced the children of L A s most powerful families that all the wealth status and power in the world was theirs for the taking They gave him their trust funds and a loyalty he transformed into cultish devotion Hunt and the BBC became the talk of L A not only for the meteoric rise that brought them control of more than 100 million in assets but for the grisly murders connected to the group As the group s deadly momentum increased and its business dealings spun out of control BBC members began to talk and eventually Hunt and four others were arrested on two counts of murder In this utterly gripping narrative award winning journalist Randall Sullivan finally revealed the whole story Now in the new afterword he returns to Joe Hunt who has now been in prison for almost forty years and recounts the fates of his accomplices This is a landmark true crime book with a diabolical but almost irresistibly seductive genius at its center **Copycat Crime**

Jacqueline B. Helfgott,2023-07-27 Details the new phenomena of copycat crime inspired by technology and the hyperreality fueled in some people by digital culture and video games Across her 30 year career in criminology author Jacqueline Helfgott has watched with fascination and fear as the world has shifted from a place where one dimensional televised news each evening and newspapers bought each morning provided the only information on crimes and killings Now nonstop instant global news coverage on 24 hour television and the internet enables people to see and replay not only crime violence terrorism and murder coverage provided by journalists in real time but also Facebook and YouTube feeds filmed by the criminals themselves while perpetrating the crimes In this riveting text about the consequences of our technical digital and cultural changes Helfgott focuses on how these advances are perpetuating this era s new and more massively deadly acts The book intertwines vignettes from current events perpetrator statements police reports and current research to show how copycat crimes are linked to media technology and our digital culture Concluding with recommendations to reduce the criminogenic effects of media technology and digital culture this book also includes an appendix listing technology and media influenced copycat crimes **Headpress** ,1999 The Agony and the Ecstasy of Underground Culture!
