Struggle for a Free South Africa Derek Charles Catsam,2024-02-15 This book explores anti apartheid movements on university and college campuses across Africa and the United States in the 1970s and 1980s In the wake of the March 1960 Sharpeville Massacre in South Africa the country s apartheid policies drew increasing critical international attention By the 1970s South Africa found itself isolated due to growing sporting economic and cultural boycotts Africans across the continent showed solidarity with Black South Africans through a range of boycotts and protests by hosting South Africans exiled from their home country and by vilifying the apartheid government at every turn This volume looks at elite institutions as well as state colleges and universities in the United States and the actions of university students in Nigeria Kenya Ghana and South Africa during the anti apartheid movements in the 1970s and 1980s revealing the local manifestations of a global struggle The chapters showcase how vibrant campus anti apartheid movements were what universal problems emerged and where unique concerns manifested at

a wide range of institutions Taking innovative approaches and offering case studies Struggle for a Free South Africa reveals the myriad ways the anti apartheid struggle manifested in a range of academic environments and how those campaigns have been remembered and documented This book was originally published as a special issue of Safundi Proceedings of The Focus Conference (TFC 2022) Manyane Makua, Mariam Akinlolu, Mashango Sithole, Phiwayinkosi Gumede, Cebo Nyondo, 2023-02-08 This is an open access book It is a common cause globally that the abrupt emergence of Covid 19 wreaked havoc in all sectors including the higher education system The sudden closure of campuses as a social distancing measure to prevent community transmission has shifted face to face classes to online teaching and learning a transformative experiment for academics and students in most institutions This has thrown the focus on utilising Learning Management Systems LMS eLearning tools and platforms for effective student engagement which may have limitations of accessibility and affordability for many students The pandemic has exposed the shortcomings of the current higher education system and the need for more training of academics and practitioners in digital technology to adapt to the rapidly changing educational climate In the post pandemic situation eLearning and virtual education may become an integral part of the higher education system hence the question of re inventing higher education The higher education institutions and universities need to plan the post pandemic education and research strategies to ensure student learning outcomes and standards of educational quality With the move to online teaching and learning subsequently traditional assessments followed and were adapted and adopted for online assessment Assessments lie at the heart of the teaching process It shapes students understanding of the curriculum and determines their ability to progress Reflections on assessments during Covid 19 abounded with the challenges that both academics and students faced regarding online assessments including cheating and quality assurance issues The focus on quality extended to the quality of teaching and learning in general Moreover the pandemic brought about the question of staff and student health and psychosocial support also became important For academics the abrupt shift to adapt to working from home and implementing online learning has led to over work low work life balance and compromised mental health With a view on constructive and futuristic discourse the sub themes of the 2022 Focus conference encapsulate the current realities in the higher education sector and beyond It further provides opportunities for an in depth analysis based on the benefit of hindsight and foresight The Organising Committee specifically coined the theme Re inventing higher education Insights trends and lessons learnt from specifically for the conference to reflect on and address the matters mentioned earlier Academics scholars and practitioners in the higher education sector are called upon to share their research and express their perspectives on the reinvention of higher education *Transforming Research Methods in the Social Sciences* Angelo Flynn, Sherianne Kramer, 2019-03-01 A look at the research methods in development across the global South Social science researchers in the global South and in South Africa particularly utilise research methods in innovative ways in order to respond to contexts characterised by diversity racial and political tensions socioeconomic disparities and

gender inequalities These methods often remain undocumented a gap that this book starts to address Written by experts from various methodological fields Transforming Research Methods in the Social Sciences is a comprehensive collation of original essays and cutting edge research that demonstrates the variety of novel techniques and research methods available to researchers responding to these context bound issues It is particularly relevant for study and research in the fields of applied psychology sociology ethnography biography and anthropology In addition to their unique combination of conceptual and application issues the chapters also include discussions on ethical considerations relevant to the method in similar global South contexts Transforming Research Methods in the Social Sciences has much to offer to researchers professionals and others involved in social science research both locally and internationally

Leadership Strategies for Promoting Social Responsibility in Higher Education Enakshi Sengupta,Patrick Blessinger,Craig Mahoney,2020-08-03 This book explores the theoretical underpinnings and interventions of CSR practised by universities across the globe and the role their leadership plays in promoting this It provides international examples from the US Africa Europe and Asia with implications and insights for university leadership staff and students

Extended Curriculum Programmes Tennyson Mgutshini ,2022-04-30 The introduction of ECPs in South African Universities is seen by many as South Africa s key strategy for addressing the problem of poor patterns of student success and has its basis on the uncontested acceptance that an extended study duration may be necessary to bring some categories of learners to a level of parity with the readiness expectations of their course of study Even so this transformative strategic imperative has been plagued by a range of challenges that include poor systems readiness poor selection mechanisms in the identification of ECP students poor numeracy and literacy amongst students and indifferent teacher involvement in ECPs This volume offers a rare insight into many of the above recognised challenges and in so doing provides critical matter for thought for educators within the higher education sector

Transforming Teaching and Learning in Higher Education Ruksana Osman, David J Hornsby, 2017-06-09

Universities face the prospect of becoming redundant unless the way teaching and learning takes place changes. This book explores the idea of transformation and pedagogy. In particular, it will highlight how universities are transformed through a set of pedagogical interventions and stances that integrate a sense of moral and ethical purpose to learning. Actively integrating cultural pluralism in developing knowledge and understanding aspires to liberate the learner from existing power structures by fostering a desire to challenge and change the social system in which we live and connects the reality around us and its many problems to the knowledge generation process.

Campus Student Activism, Politics, and Citizenship in the 21st Century Tshishonga, Ndwakhulu, 2025-04-03 Student activism and citizenship remain an integral part of the governance of academic institutions, democratizing the learning environment and advancing democratic values and societal change. As a result, student activism has become a key aspect of the global higher education landscape. Individually and through the student councils, students have been at the forefront fighting for social justice and equality inside their academic institutions and in larger society by fusing activism with citizenship. Through student activism and citizenship, students demonstrate their power to keep governments responsible and in redirecting the voices of students in higher education's decision-making processes. Further exploration may afford students the opportunity to influence social change by partaking in educational policy reforms and broadening global sociopolitical and economic growth. **Campus Student Activism, Politics, and Citizenship in the 21st Century** examines the dynamics of campus politics through student activism and citizenship perspectives, academia, public, private, and civil society sectors. It explores how student leadership engages university society stakeholders including management and governance structures and student welfare and institutional policy reformation in defense of the rights and interests of students. This book covers topics such as higher education political engagement and social justice and is a useful resource for policymakers, government officials, sociologists, political scientists, academicians, and researchers.

International Case Studies in Service Learning Enakshi Sengupta, Patrick Blessinger, 2022-11-16 Shedding light on how successfully service learning has been adopted to the existing curriculum and the emergence of a new breed of students who are aligned with the needs of the community and undertake collaborative work to solve real-world issues, Volume 47 is invaluable to both researchers, teachers, and scholars.

Southern Resistance in Critical Perspective Marcel Paret, Carin Runciman, Luke Sinwell, 2017-03-27 From the Arab Uprising to anti-austerity protests in Europe and the US Occupy Movement to uprisings in Brazil and Turkey, resistance from below is flourishing. Whereas analysts have tended to look North in their analysis of the recent global protest wave, this volume develops a Southern perspective through a deep engagement with the case of South Africa, which has experienced widespread popular resistance for more than a decade. Combining critical theoretical perspectives with extensive qualitative fieldwork and rich case studies, **Southern Resistance in Critical Perspective** situates South Africa's contentious democracy in relation to both the economic insecurity of

contemporary global capitalism and the constantly shifting political terrain of post apartheid nationalism The analysis integrates worker community and political party organizing into a broader narrative of resistance bridging historical divisions between social movement studies labor studies and political sociology Inclusive Education in South African Further and Higher Education Tsediso Michael Makoelle,Cina P. Mosito,2025-05-26 A historical overview of the evolution of inclusive education alongside the emergence of concepts such as of equity and access highlighting how these ideas have evolved been enacted and practiced in the higher education institutions HEIs of South Africa since 2001 **Higher Education Pathways** Paul Ashwin,M. Case,2018-12-13 In what ways does access to undergraduate education have a transformative impact on people and societies What conditions are required for this impact to occur What are the pathways from an undergraduate education to the public good including inclusive economic development These questions have particular resonance in the South African higher education context which is attempting to tackle the challenges of widening access and improving completion rates in in a system in which the segregations of the apartheid years are still apparent Higher education is recognised in core legislation as having a distinctive and crucial role in building post apartheid society Undergraduate education is seen as central to addressing skills shortages in South Africa It is also seen to yield significant social returns including a consistent positive impact on societal institutions and the development of a range of capabilities that have public as well as private benefits This book offers comprehensive contemporary evidence that allows for a fresh engagement with these pressing issues **Global Voices in Higher Education** Susan Renes,2017-06-07 Traveling from Zimbabwe to New Zealand and on to Ghana and the United States the voices of higher education are presented in a way only scholars from these regions can fully articulate and understand The changing world of higher education challenges all of those involved in very unique ways In Global Voices in Higher Education scholars from 10 different countries share their work describing not only their research but also the context in which their work exists This book allows the reader to travel with these scholars to their colleges and universities and discover areas of concern in higher education from around the globe *Social Media and Elections in Africa, Volume 2* Martin N. Ndlela,Winston Mano,2020-02-14 This book the second of two volumes explores the challenges and opportunities presented by the increased presence of social media within African politics Electoral processes in Africa have assumed new dimensions due to the influence of social media As social media permeates different aspects of elections it is ostensibly creating new challenges and opportunities Most evident are the challenges of hate speech misogyny and incivility This book considers the impact of digital media before during and after elections as well as authorities attempts to legislate and regulate the internet in response Contributions to this volume analyse social media posts transgressive images newspaper articles and include case studies of Algeria Zimbabwe Kenya South Africa Nigeria and Uganda This results in the delivery of an original depiction of the use of social media in a variety of African contexts This book will appeal to academics and students of media and communication studies political studies

journalism sociology and African studies

To Count Our Days Erskine Clarke, 2022-04-13

An in depth look at the institution as the center of many important cultural shifts with which the South and the wider Church have wrestled historically Columbia Theological Seminary's rich history provides a window into the social and intellectual life of the American South Founded in 1828 as a Presbyterian seminary for the preparation of well educated mannerly ministers it was located during its first one hundred years in Columbia South Carolina During the antebellum period it was known for its affluent and intellectually sophisticated board faculty and students Its leaders sought to follow a middle way on the great intellectual and social issues of the day including slavery Columbia's leaders Unionists until the election of Lincoln became ardent supporters of the Confederacy While the seminary survived the burning of the city in 1865 it was left impoverished and poorly situated to meet the challenges of the modern world Nevertheless the seminary entered a serious debate about Darwinism Professor James Woodrow uncle of Woodrow Wilson advocated a modest Darwinism but reactionary forces led the seminary into a growing provincialism and intellectual isolation In 1928 the seminary moved to metropolitan Atlanta signifying a transition from the Old South toward the New mercantile South The seminary brought to its handsome new campus the theological commitments and racist assumptions that had long marked it Under the leadership of James McDowell Richards Columbia struggled against its poverty provincialism and deeply embedded racism By the final decade of the twentieth century Columbia had become one of the most highly endowed seminaries in the country had internationally recognized faculty and had students from all over the world and many Christian denominations By the early years of the twenty first century Columbia had embraced a broad diversity in faculty and students Columbia's evolution has challenged assumptions about what it means to be Presbyterian southern and American as the seminary continues its primary mission of providing the church a learned ministry A well written and carefully documented history not only of Columbia Theological Seminary but also of the interplay among culture theology and theological institutions This is necessary reading for anyone seeking to discern the future of theological education in the twenty first century Justo L Gonz lez Church Historian Decatur GA Clarke's engaging history of one institution is also an incisive study of change in Southern culture This is institutional history at its best Clarke takes us inside a school of theology but also lets us feel the outside forces always pressing in on it and he writes with the skill of a novelist A remarkable accomplishment E Brooks Holifield Emory University

Re-imagining Curriculum Lynn Quinn, 2019-11-15 The book argues that academics academic developers and academic leaders need to undertake curriculum work in their institutions that has the potential to disrupt common sense notions about curriculum and create spaces for engagement with scholarly concepts and theories to re imagine curricula for the changing times Now more than ever in the history of higher education curriculum practices and processes need to be shared the findings of research undertaken on curriculum need to be disseminated to inform curriculum work We hope the book will enable readers to look beyond their contextual difficulties and constraints to find spaces where they can dream and begin to implement innovative

and creative solutions to what may seem like intractable challenges or difficulties

Language Contact. Volume 2 Jeroen Darquennes, Joseph C. Salmons, Wim Vandenbussche, 2025-04-21 Targeting a full range of students and scholars this volume provides a total of 50 chapters illustrating the linguistic dynamics and the dynamics of inter individual and societal language contact as well as the dynamics of multidisciplinary language contact studies Fueled by a wealth of data from a rich variety of contact situations its geographically balanced case studies are governed by the triangulation between a focus on language structure and change a sincere drive of sociopolitical and academic agency and the confrontation with an everyday reality that can be unkind to and ignorant of those two factors The volume clearly demonstrates the social relevance of our trade in a time burdened with ecolinguistic challenges

Digital Environments Urte Undine Frömming, Steffen Köhn, Samantha Fox, Mike Terry, 2017-03-15 Digital technology permeates the physical world Social media and virtual reality accessed via internet capable devices computers smartphones tablets and wearables affect nearly all aspects of social life The contributions to this volume apply innovative forms of ethnographic research to the digital realm They examine the emergence of new forms of digital life such as political participation through comments on East Greenlandic news blogs the personal use of video broadcasting applications the rise of transnational migrant networks facilitated by social media or the effects of Facebook Twitter and Instagram on global conflicts
