Richard Condon The Manchurian Candidate:

The Manchurian Candidate Richard Condon, John Lahr, 1993 THE STORY Raymond Shaw is a young American hero the first Congressional Medal of Honor winner since Vietnam Decorated for saving his troops in a peacekeeping mission in the Middle East he has returned to the U S and a career as a journalist in The Manchurian Candidate [kit] Condon, Richard, Simpson, Andrew, Robert (Read By) Vaughn, 1986 Raymond Shaw in de oorlog in Korea door de Chinezen gehersenspoeld dreigt als belangrijk politicus het slachtoffer van deze brainwash te worden The Manchurian Candidate, by R. Condon (2 Cassettes/1 Book). Richard Condon, Robert* Vaughan, **Brainwashing** David Seed, 2004 An examination of the literary and cinematic representations of brainwashing during the Cold War era CIA operative who was a tireless campaigner against communism it took hold quickly and became a means to articulate fears of totalitarian tendencies in American life David Seed traces the assimilation of the notion of brainwashing into science fiction political commentary and conspiracy narratives of the Cold War era He demonstrates how these works grew out of a context of political and social events and how they express the anxieties of the time The Manchurian Candidate Seed provides new interpretations of writers such as Orwell and Burroughs within the history of psychological manipulation for political purposes using declassified and other documents to contextualise the material he explores the shifting view points of how brainwashing is represented changing from an external threat to American values to an internal threat against individual American liberties by the U S government will welcome this study Mile High Richard Condon, 2016-01-05 A Prohibition era bootlegger builds a savage empire in this whiplash entertainment by the author of Prizzi s Honor and The Manchurian Candidate Kirkus Reviews Millions of acres of forest separate Edward Courance West from the outside world In his remote Adirondack retreat he is tended by servants dressed in black and green the color of West s empire and of money The son of an Irish powerbroker of the rough and tumble Lower East Side West has been forging his kingdom since the day his father died leaving him with a small fortune a few bordellos and a burning hunger to escape New York and make his mark upon the world a mark he will leave in blood The moment Congress passes Prohibition West sets about building a one man monopoly of bootlegging smuggling and murder Clawing ruthlessly to the top in hopes of forgetting his father West won t stop until he becomes the greatest criminal the world has ever seen *The Hidden History of Coined Words* Ralph Keyes, 2021 Written by one of the country s most experienced and entertaining etymological detectives The Hidden History of Coined Words provides a delightful excavation into the process by which words became minted Not only does Ralph Keyes give us the who what where of it all but delights in stories that reveal the mysteries of successful coinage **Cultures at War** Tony Day, Maya H. T. Liem, 2018-08-06 The Cold War in Southeast Asia was a many faceted conflict driven by regional historical imperatives as much as by the contest between global superpowers The essays in this book offer the most detailed and probing examination to date of the cultural dimension of the Cold War in Southeast Asia Southeast Asian culture from the late 1940s to the late

1970s was primarily shaped by a long standing search for national identity and independence which took place in the context of intense rivalry between the United States and the Soviet Union with the Peoples Republic of China emerging in 1949 as another major international competitor for influence in Southeast Asia Based on fieldwork in Burma Indonesia Laos Malaysia the Philippines Singapore Thailand and Vietnam the essays in this collection analyze the ways in which art literature film theater spectacle physical culture and the popular press represented Southeast Asian responses to the Cold War and commemorated that era s violent conflicts long after tensions had subsided Southeast Asian cultural reactions to the Cold War involved various solutions to the dilemmas of the newly independent nation states of the region What is common to all of the perspectives and works examined in this book is that they expressed social and aesthetic concerns that both antedated and outlasted the Cold War ones that never became simply aligned with the ideologies of either bloc Contributors Francisco B Benitez University of Washington Bo Bo Burmese writer SOAS University of London Michael Bodden University of Victoria Simon Creak Australian National University Gaik Cheng Khoo Australian National University Rachel Harrison SOAS University of London Barbara Hatley University of Tasmania Boitran Huynh Beattie Asiarta Foundation Jennifer Lindsay Australian National University

The Walled Garden Lawrence M. Friedman, Joanna L. Grossman, 2022-04-11 Privacy in human history is a relatively recent concept Nobody had much privacy in the Middle Ages Even kings and queens lacked privacy it was an age when crowds watched a queen give birth and the king received visitors while on the chamber pot Technology and concepts of privacy grew up together as both friends and enemies For example the late 19th century invention of the candid camera made it possible for the first time to take someone s picture without that person s consent This fact was in the background of the classic article by Warren and Brandeis that launched the right of privacy Today we have smart phones with cameras selfies the Internet surveillance cameras and tools that can look through walls smell through walls see through walls Dangers to privacy have multiplied enormously and we have only just begin figuring how to handle the change This book is timely as our basic understandings of privacy are challenged by modern technology changing social mores and evolving legal understandings that both reflect and reinforce underlying changes in society It is likely to be of interest to graduate and undergraduate students scholars and potentially other professionals with an interest in law and social norms

Food Tech and Processing Solutions Ambar Achari, 2025-01-07 Food Tech and Processing Solutions delves into the integration of food science and engineering to enhance food selection preservation packaging and utilization This comprehensive guide emphasizes the importance of modern technology in the food processing industry We provide a rigorous scientific explanation of various food processing methods while highlighting the role of the industry in society Our book covers the physical properties of food materials fluid flow heat and mass transfer principles reaction kinetics centrifugation thermal processing spoilage prevention crystallization dissolution and refrigeration Primarily intended as a textbook for college and university courses the latest edition includes current trends and advancements in the field We begin

with an introduction to the properties of food materials and explore fundamental scientific processes like centrifugation freezing and evaporation Additionally we focus on food packaging cleaning disinfection and sanitation This book serves as a detailed guide for students and professionals offering insights into food processing technology and its applications 100 American Crime Writers S. Powell,2012-08-07 100 American Crime Writers features discussion and analysis of the lives of crime writers and their key works examining the developments in American crime writing from the Golden Age to hardboiled detective fiction This study is essential to scholars and an ideal introduction to crime fiction for anyone who enjoys this fascinating genre The 1950s Richard Alan Schwartz,2014-05-14 Traces the history of the United States during the 1950s through such primary sources as memoirs letters contemporary journalism and official documents Dr. Strangelove's America Margot A. Henriksen,2023-04-28 Did America really learn to stop worrying and love the bomb as the title of Stanley Kubrick's 1964 film Dr Strangelove would have us believe Does that darkly satirical comedy have anything in common with Martin Luther King Jr's impassioned I Have a Dream speech or with Elvis Presley's throbbing I'm All Shook Up In Margot Henriksen's vivid depiction of the decades after World War II all three are expressions of a cultural revolution directly related to the atomic bomb Although many scientists and other Americans protested the pursuit of nuclear superiority after World War II ended they were drowned out by Cold War rhetoric that encouraged a culture of consensus Nonetheless Henriksen says a culture of dissent arose and she traces this rebellion through all forms of popular culture At first artists expressed their anger anxiety and despair in familiar terms that addressed nuclear reality only indirectly But Henriksen focuses primarily on new modes of expression that emerged discussing the disturbing themes of film noir with extended attention to Alfred Hitchcock and science fiction films Beat poetry rock n roll and Pop Art Black humor became a primary weapon in the cultural revolution while literature movies and music gave free rein to every possible expression of the generation gap Cultural upheavals from flower power to the civil rights movement accentuated the failure of old values Filled with fascinating examples of cultural responses to the Atomic Age Henriksen's book is a must read for anyone interested in the United States at mid twentieth century Did America really learn to stop worrying and love the bomb as the title of Stanley Kubrick's 1964 film Dr Strangelove would have us believe Does that darkly satirical comedy have anything in common with Martin Luther King Jr's impassioned **Ars Americana, Ars Politica** Peter Swirski,2010 A penetrating look at modern American politics and the partisan culture that feeds off its turmoil The World of the John Birch Society D. Mulloy,2014-06-27 As far as members of the hugely controversial John Birch Society were concerned the Cold War revealed in stark clarity the loyalties and disloyalties of numerous important Americans including Dwight Eisenhower John Kennedy and Earl Warren Founded in 1958 as a force for conservative political advocacy the Society espoused the dangers of enemies foreign and domestic including the Soviet Union organizers of the US civil rights movement and government officials who were deemed soft on communism in both the Republican and Democratic parties Sound familiar In The World of the John

Birch Society author D J Mulloy reveals the tactics of the Society in a way they've never been understood before allowing the reader to make the connections to contemporary American politics up to and including the Tea Party. These tactics included organized dissemination of broad based accusations and innuendo political brinksmanship within the Republican Party and frequent doomsday predictions regarding world events. At the heart of the organization was Robert Welch a charismatic writer and organizer who is revealed to have been the lifeblood of the Society's efforts. The Society has seen its influence recede from the high water mark of 1970s but the organization still exists today. Throughout *The World of the John Birch Society* the reader sees the very tenets and practices in play that make the contemporary Tea Party so effective on a local level. Indeed without the John Birch Society paving the way the Tea Party may have encountered a dramatically different political terrain on its path to power.

The Warm Bucket Brigade Jeremy Lott, 2008-03-11 What do you know about America's vice presidents. An altogether amusing history filled with oft forgotten names and fascinating anecdotes. AV Club How many vice presidents went on to become president. How many vice presidents shot men while in office. Who was the better shot. Who was the first vice president to assume power when a president died. Why did he return official letters without reading them. What vice president was almost torn limb from limb in Venezuela. Which former VP was tried for treason for trying to start his own empire in the Southwest. How many vice presidents were assassinated. In the next presidential election should you worry about the candidates for vice president. The vice presidency isn't worth a bucket of warm spit. That's the prudish version of what John Nance Garner had to say about the office several years after serving as VP under FDR. Was he right. The vice presidency is one of America's most historically complicated and underappreciated public offices. And Jeremy Lott's sweeping hilarious and insightful history introduces the unusual colorful and sometimes shadowy cast of characters that have occupied it their bitter rivalries and rank ambitions glorious victories and tragic setbacks revealed through hundreds of historical vignettes and drawn from extensive research and interviews. Full of rich veep history. Baltimore Sun

The Dancer Defects David Caute, 2003-09-04 The cultural Cold War between the Soviet Union and the West was without precedent. At the outset of this original and wide ranging historical survey David Caute establishes the nature of the extraordinary cultural competition set up post 1945 between Moscow New York London and Paris with the most intimate frontier war staged in the city of Berlin. Using sources in four languages the author of *The Fellow Travellers* and *The Great Fear* explores the cultural Cold War as it rapidly penetrated theatre film classical music popular music ballet painting and sculpture as well as propaganda by exhibition. Major figures central to Cold War conflict in the theatre include Brecht Miller Sartre Camus Havel Ionesco Stoppard and Konstantin Simonov whose inflammatory play *The Russian Question* occupies a chapter of its own based on original archival research. Leading film directors involved included Eisenstein Romm Chiaruelli Aleksandrov Kazan Tarkovsky and Wajda. In the field of music the Soviet Union in the Zhdanov era vigorously condemned modernism formalism and the avant garde. A chapter is devoted to the intriguing case of Dmitri Shostakovich and the

disputed authenticity of his autobiography *Testimony* Meanwhile in the West the Congress for Cultural Freedom was sponsoring the modernist composers most vehemently condemned by Soviet music critics Stravinsky Schoenberg Hindemith among them Despite constant attempts at repression the Soviet Party was unable to check the appeal of jazz on the Voice of America then rock music to young Russians Visits to the West by the Bolshoi and Kirov ballet companies the pride of the USSR were fraught with threats of cancellation and the danger of defection Considering the case of Rudolf Nureyev Caute pours cold water on overheated speculations about KGB plots to injure him and other defecting dancers Turning to painting where socialist realism prevailed in Russia and the impressionist heritage was condemned Caute explores the paradox of Picasso's membership of the French Communist Party Re-assessing the extent of covert CIA patronage of abstract expressionism Pollock De Kooning Caute finds that the CIA's role has been much exaggerated likewise the dominance of the New York School Caute challenges some recent one-dimensional American accounts of Cold War culture which ignore not only the Soviet performance but virtually any cultural activity outside the USA The West presented its cultural avant garde as evidence of liberty even through monochrome canvases and dodecaphonic music appealed only to a minority audience Soviet artistic standards and teaching levels were exceptionally high but the fear of freedom and innovation virtually guaranteed the moral defeat which accelerated the collapse of the Soviet Union

Dark Page Two Kevin Johnson, 2009 Following up on his well-received bibliography of first edition sources for American film noir of the 1940s Kevin Johnson's new bibliography *The Dark Page II* explores the second half of the classic American period covering the years 1950-1965 Ground rules for noir style were by this time firmly established in Hollywood and new techniques and themes had emerged including location shooting and documentary style storytelling the incorporation of social issues into storylines the final years of the Production Code's stranglehold on film content and the influence of the style on Westerns melodramas and even science fiction Importantly too this era would see many of Hollywood's finest writers and directors blacklisted jailed or exiled as a result of McCarthy and the House Un-American Activities hearings The literary sources that informed this era evolved as well with Hollywood taking a greater interest in the surprisingly literate novels that were being published as paid by the word paperback originals as well as hardcover titles being released by obscure and often short-lived publishers The influence of the film industry on the book industry was felt in turn with stories being snatched up as film options as soon as they first appeared in magazines and newspapers sometimes resulting in a book publication that would never have occurred otherwise *The Dark Page II* is an essential volume in a continuing series of references that are projected to cover American screwball comedies European film noir and American crime films and dramas of the late 1960s and 1970s Full color photos of each first edition are featured as well as bibliographical points for each book and a bounty of factual information surrounding both the origins of the books and their subsequent film adaptations

The City That Killed the President Tim Cloward, 2023-09-05 A creative cultural history of Dallas through the lens of its defining twentieth century event JFK's assassination The assassination of John F Kennedy on

November 22 1963 shocked America Instantly Dallas was blamed for the killing labeled the City of Hate In the half century since the president s murder this city s artists and writers have produced important if often overlooked work that speaks to the difficult burden of our civic shaming Here are the works of poetry theater journalism art the actions of our citizens and political leaders all the fragments of our cultural life that address this tortured local history The City That Killed the President is a fitful discourse offering a window into Dallas itself a city reluctant to grapple with its past

Mammoth Books presents Secret Organisations Jon E. Lewis, 2012-07-19 Black Helicopters Black helicopters are believed by some to be used for the surveillance of patriotic groups opposed to the takeover of the United States by foreign powers Those sinister silent Black Hawk Down style copters are hard to miss but what exactly is their role The British Royal Family According to Lyndon LaRouche the British royal family are imperial masters of the planet Is it possible that Satan lives in Buckingham Palace The Illuminati So powerful are the Illuminati that they are said to mastermind events and completely control world affairs but how much do we actually know about them Le Cercle A transnational clandestine cabal of influential individuals the group prides itself on complete anonymity Only a handful of articles are known to have been written about the group so what do we really know about them MK ULTRA What went on under MK ULTRA And did anybody ever receive reasonable compensation New World Order How powerful is this group that seek to enable a one world government Omega Agency The Omega Agency and its allies the aliens are devising a plan to restore the planet s environment after the OA take over New World Order dictatorship P2 Propaganda Due Did P2 set out a plan for a fascist coup in which unions would be banned and the media would be placed under state control Skull and Bones It s so secret we can t talk about it George W Bush said on the membership of Skull Bones Does this organisation control the US

The Assassinations James DiEugenio, Lisa Pease, 2003-02-01 Probing deep into four hidden histories the material released should dispel any notions of lone nuts or coincidence These articles cut a clear path through the thick jungle of disinformation that has grown around these events and expose the truly hideous teratomas that thrive and bloom under the canopy of national security New York Press
