Richard T De George Book:

Business Ethics Richard T. De George, 2010 For courses in Business Ethics Moral Issues in Business Social Issues in Business Business and Society International Business Ethics and Issues in International Business This systematic integrated investigation of the field of business ethics is presented from an informed philosophical point of view It argues that ethics is the glue as well as the oil that makes business possible addressing the full gamut of issues from such macro considerations as the moral justification of economic systems to such micro issues as proper computer use by employees **The Ethics of Information Technology and Business** Richard T. De George, 2008-04-15 This is the first study of business ethics to take into consideration the plethora of issues raised by the Information Age The first study of business ethics to take into consideration the plethora of issues raised by the Information Age Explores a wide range of topics including marketing privacy and the protection of personal information employees and communication privacy intellectual property issues the ethical issues of e business Internet related business ethics problems and the ethical dimension of information technology on society Uncovers previous ignored ethical issues Underlines the need for public discussion of the issues Argues that computers and information technology have not necessarily developed in the most ethical manner possible **Personal Papers** Richard T. De George, 1960 **Business Ethics** Alan R. Malachowski, 2001 It is no longer possible for modern companies to ignore the ethical or social implications of their business practice Controversy surrounding such issues as the environment rewards to senior managers and international labour standards have made business ethics front page news as well as helping it emerge as a fully fledged part of the business and management landscape This set brings together a cross section of material from both philosophy and business journals It includes what is business ethics and how has it developed are ethics compatible with the free market international business ethics and case studies Classical and Contemporary Metaphysic. A Source Book. Richard T. de George Richard T.. De George, 1962 Ethics and society. Edited by Richard T. De George Kansas University (LAWRENCE, Kansas). Department of Philosophy, 1966 Re-Orienting the Fairy Tale Mayako Murai, Luciana Cardi, 2020-08-25 Readers will find inspiration and new directions in the cross cultural and interdisciplinary approaches to fairy tales provided by Re Orienting the Fairy Tale *Competing with Integrity in International Business* Richard T. De George, 1993 The first book to address the whole spectrum of multinational business ethics Competing with Integrity in International Business examines moral debates about operating ethically in virtually every major market environment in the world Taking the company of integrity as its objective it offers guidelines for multinationals in underdeveloped countries as well as original strategies for corporations competing in corrupt environments Backed by the distinguished author s wide and varied experience both as a scholar and as consultant to firms and business institutions around the world Competing with Integrity in International Business covers cooperation with local government taxes respect for and compliance with local society human rights national development and other challenges as well as responses to

immoral adversaries and the use of publicity to expose corrupt actions With case studies from across the globe including the former Soviet bloc China Japan and the European Community this will prove an invaluable resource for business professionals ethicists philosophers and students

Is the Good Corporation Dead? John W. Houck, Oliver F. Williams, 1996 Can corporations remain socially responsible in today's fiercely competitive global economy For several decades after World War II companies like IBM which exemplified what journalist Robert J Samuelson called the good corporation poured forth material comforts and technological ideas while guaranteeing full employment and adequate retirement In the 1980s all of that changed as corporations moved to downsize and become lean mean global competitors In this collection thirteen prominent scholars in business ethics finance management and religion and six corporate leaders respond to a new essay by Samuelson that sounds the death knell of the good corporation They propose new approaches to corporate integrity and social responsibility in the global economy The book will be useful in corporate workshops and will make an excellent business ethics text in philosophy departments and business schools

Ethics and Society Richard T. De George, 1966

Ethical Issues in Business Peg Tittle, 2000-04-13 The core of this text comprises chapters on all the key issues of business in Canada today Each chapter includes a hypothetical case study and an introduction highlighting key ethical points two academic essays and a real life case study Questions for discussion accompany the essays and case studies The author has also included a general introduction to ethical issues and an overview of ethical theory a section on institutionalizing ethics discussing ethics officers programs codes etc and appendices providing excerpts from important classic contributions to ethical theory and from relevant Canadian law

The Role of Ethics in Social Theory Tony Smith, 1991-07-03 This book defends the derivation of the ethical principle of universalizability presented by Jürgen Habermas and illustrates the importance of this principle for both social science and social policy Beginning with a comprehensive analysis of social theory Smith divides the theory into nine distinct branches each devoted to a fundamental question three branches fall under social science three under social ethics and the last three make up social policy He shows in detail how each branch has its own methodologies and basic categories while being systematically connected to the others as well Next he makes a compelling defense of Habermas's main contribution to social ethics and contrasts Habermas's rational foundation for ethics with the decisionism defended by Max Weber Smith then examines the implications of the principle of universalizability for a number of important issues in social theory

Business Ethics Mark S. Schwartz, 2017-02-21 Business Ethics An Ethical Decision Making Approach presents a practical decision making framework to aid in the identification understanding and resolution of complex ethical dilemmas in the workplace Focuses exclusively on three basic aspects of ethical decision making and behavior how it actually takes place how it should take place and how it can be improved Uses

real life examples of moral temptations and personal ethical dilemmas faced by employees and managers Discusses the biases psychological tendencies moral rationalizations and impact of self interest as impediments to proper ethical decision making Includes relevant examples of ethical misconduct and scandals appearing in the news media *Business Ethics* Jacques Cory,2012-12-06 Morten And what are we going to do when you have made liberal minded and high minded men of us Dr Stockman Then you shall drive all the wolves out of the country my boys Ibsen An Enemy of the People Act V The theoretical and empirical research of this book describes how the traditional safeguards of the rights of minority shareholders have failed in their duty and how those shareholders have remained practically without any protection against the arbitrariness of the companies and majority shareholders The law the SEC society boards of directors independent directors auditors analysts underwriters and the press have remained in many cases worthless panaceas Nevertheless in the Ethics of 2000 new vehicles have been developed for the protection of minority shareholders mainly the Internet transparency activist associations and ethical funds Those vehicles give the shareholders at least the chance to understand the pattern and methods that are utilized to wrong them and give them a viable alternative for investment in ethical funds The new vehicles will prevent minority shareholders from using the Armageddon weapon by ceasing to invest in the stock exchange and causing the collapse of the system that discriminates against them *CIO* ,2005-03-01 **A Theology of Authority** Christa L. McKirland,2025-11-04 Is authority reserved for those with a specific calling to leadership Who holds power in the church Does authority have limits Are teaching and preaching the most important practices of authority Our understanding and misunderstanding of authority has significant implications for our individual and corporate flourishing In *A Theology of Authority* Christa McKirland challenges our assumptions about authority power and leadership With a focus on low church traditions she examines authority through the lens of analytic philosophy and biblical theology to offer a theological definition of authority She also tackles questions related to divine and human authority Scripture and practices typically related to ordination preaching teaching serving communion baptizing church discipline and vision casting *A Theology of Authority* expands our understanding of authority recognizing the Spirit's enablement of each member to fulfill their calling to spiritual maturity Readers will gain a deeper understanding of the nuances of authority and power and how we relate to one another as siblings in Christ
